U.S. Facing Decision on Atomic Data

Administration May Ask Congress Share Secrets With Allies

WASHINGTON (AP) — The Eisenhower administration probably will ask Congress next year for authority to give America's allies some secret atomic information as an aid to the Western defense buildup.

Administration officials are reported to feel that development of the defense of Western Europe requires disclosure of more information.

Subject of Long Debate

The whole question has been under study and debate in the government since before the Eisenhower administration took over in January.

The decision probably rests primarily with the Joint Chiefs of Staff, but it involves participation of the White House, State Department and Atomic Energy Commission in varying degrees.

Informed officials said four possible lines of action are open, but they indicated that the one most likely to be agreed upon is positive action by Congress to authorize disclosure. How Congress would react is open to question. Many lawmakers have opposed any relaxation of atomic secrecy.

Major Possibilities

Here are the major possibilities:

1. A ruling by Atty. Gen. Brownell—assuming he so regarded the law—that present wording of the Atomic Energy Act against disclosure of data on the manufacture and the use of atomic weapons does not prohibit giving essential facts on weapons effects and operations to Allied governments.

2. Revision of the law to strike out the ban against giving information on utilization of weapons to friendly governments. The administration could then assert there was no bar in the law to prevent informing the governments. This is criticized by various policy makers as a back door approach and one which would not wholly clear the question of authority.

3. Revision of the act by a positive declaration that the President may disclose some atomic information to Allied governments when he deems it essential to the national security to do so. Informants said this probably is the course which will be adopted as a proposal.

May Amend Statutes

4. A series of farreaching amendments to the law to authorize the release not only of weapons information but also of some atomic weapons themselves. This course has some urgent advocates but even its strongest adherents do not hold much hope of its adoption as an administration proposal.

The United States is now shipping tactical weapons of atomic capability to Europe. Last week the first units of 280 mm. guns sailed for Europe. This giant cannon was developed to fire atomic shells as well as conventional ones.

NEW JET ENGINE TESTED. The immense power of a new production jet engine, the J-73, is demonstrated as a converted B-29 tests the engine over Schenectady, N.Y. The bomber's four propellers have been feathered and the jet engine extended from the bomb bay and turned on. Powered only by the single J-73, the plane is able to maintain 180 miles an hour. The engine is being built for 650 m.p.h. Sabrejet fighters.

Red Chinese Propaganda, Allies Claim

India Denies Report Document Intended To Sway Prisoners

PANMUNJOM (AP) — The U.N. Command charged today a Korean Repatriation Commission document circulated among war prisoners who renounced Communism was Red-slanted. An Indian spokesman for the neutral commission quickly denied the accusation.

Brig. Gen. A. L. Hamblen, chief of the U.N. Command repatriation group, cited a letter he said the commission distributed to the 22,600 unrepatriated POWs Saturday. He said the Allies were not told of the letter before it was handed out.

Propaganda Charged

An Allied spokesman told newsmen the letter was clearly of Chinese Communist origin and immediately was recognized by "shocked" anti-Red Chinese POWs as propaganda aimed at persuading them to go home.

However, the commission spokesman declared:

"As far as the (commission) is concerned, they have not indulged in propaganda for any side."

The spokesman added the letter was broadcast as well as circulated among the prisoners as "a joint effort . . . prepared by a subcommittee of the (commission) and all nations (on the commission) were represented."

None of the warring nations is on the commission.

In Accord With Terms

The spokesman added the message was "completely in accord with the terms of reference" of the armistice and that it was translated under supervision of all five nations represented on the neutral commission.

It specified that prisoners will be required "absolutely by necessity" to attend interviews by representatives of their old sides—a requirement the Allies have opposed.

The U. N. Command had urged that attendance at interviews—expected to start Thursday—be voluntary, to prevent the Reds from coercing anti-Communist prisoners to change their decisions against going home.

Release of the letter indicated that the commission may have ruled against the Allies on this point.

Met Soprano Deserts Opera For Night Club

'Rank Snobbery,' Says Traubel of Protest On Cabaret Singing

NEW YORK (AP)—Eminent Wagnerian soprano Helen Traubel today put her budding career as a night club singer ahead of Metropolitan Opera roles. Her viewpoint:

"To assert that art can be found in the Metropolitan Opera House but not in a night club is rank snobbery that underates both the taste of the American public and the talent of its composers."

Differs With Bing

Miss Traubel, successor to Kirsten Flagstad as the Met's leading Wagnerian soprano, refused yesterday to renew her Met contract in a dispute with Rudolf Bing, general manager of the opera, who had suggested she refrain from cabaret appearances in the New York City area while singing at the Met.

A spokesman for Miss Traubel disclosed the dispute yesterday, releasing an exchange of letters between her and Bing. The opera general manager immediately said the release of the correspondence was in "bad taste."

These were the important points in the letters:

Bing, on Sept. 25, wrote Miss Traubel concerning her contract, which had been offered some time previously and had not been returned. It was for the coming season, opening next month.

Bing's Stand

He noted that there had been "reports that you are now appearing in a night club, which makes me wonder whether you would perhaps, for the time being, rather not appear at the Metropolitan, as I could so well understand a feeling that these two activities do not really seem to mix well."

"Perhaps you would prefer," he added, "to give the Metropolitan a 'miss' for a year or so until you may possibly feel that you want again to change back to the more serious aspects of your art."

Bing concluded his letter with a request that Miss Traubel not appear in a New York area night club before and during the coming Met season and for at least one month afterward.

Traubel's View

Miss Traubel, who recently made her night club debut at the Chez Paree in Chicago, wrote her reply yesterday, saying she could not sign the contract and adding

"Artistic dignity is not a matter of where one sings. . . .

"America has produced a wealth of fine, popular music—music written by Americans, sung by Americans, loved by Americans. . . . I think the time has come for American artists to recognize that American folk music is as much their province as Wagner, Beethoven and Verdi."

Her letter continued that she cannot sing works of great American composers—such as George Gershwin, Jerome Kern, Richard Rodgers, Irving Berlin and others—at the Met and, therefore, is singing them in night clubs.

"I am happy to have found that night club audiences are enthusiastically accepting me on my own terms," she concluded.

Miss Traubel plans to book a few night club dates while on a 50-concert tour which begins at the end of October.

Tulsa Girl, 6, Assumes Role Of Housewife

TULSA, Okla. (AP)—A 6-year-old girl became an efficient housewife, fixing meals for herself and her 8-year-old brother for two days, after their mother left to "bring us a nice present."

Officers placed Keith and Patsy Seley in a foster home when neighbors complained that the children had been left alone.

Keith said his young sister took over the household chores when it became apparent their mother would be gone longer than expected. He said she fixed sandwiches for their meals and they had milk and dry cereal for breakfast.

Couldn't Find Flour

Patsy told officers she could make pancakes too, "but I couldn't find any pancake flour."

The children said their mother, Mrs. Edna May Seley, left them Thursday night, promising to return shortly with a present. "I'll bet the reason she was gone so long is that she is just taking her time finding something nice to buy for us," said Patsy.

When Friday morning rolled around and the mother still had not returned, the children said they fixed breakfast and trooped off to school.

Afraid At Night

Patsy confided everything had gone fine except at night when she became frightened.

"We left the lights on all night and I had my eyes open just a little bit last night," she said.

Patsy had only one problem, and that alerted the neighbors to their plight. She said she had to go to a neighbor's home to get her hair combed.

Juvenile officers said the mother returned to Tulsa yesterday but the children were not returned to her custody pending investigation.

Two Boys, 13, Caught Looting Marion School

225 Various Items Taken From Building; Bikes Also Stolen

Two 13-year-old Marion boys were caught in the act of looting the Mark St. School of some 225 various items early yesterday morning and later confessed to police they also stole three bikes to carry away the loot from the school.

The youths were taken into custody at 3:21 a.m. Sunday when an off-duty policeman, Lawrence Cocherl, saw them walk from the Mark St. door of the school. Later at the police station they told of taking the various items and ransacking nearly every room in the building.

Later they led police to a woods west of town near the Erie Railroad yards to where they had hidden the loot.

Most of Loot Recovered

Police Chief Tom Coon said today all the stolen items, with the exception of a fewer small articles, were recovered from the hiding place and returned to the custody of the school.

He said there was no attempt to establish the value of the items but noted that included in a page-long list were such things as a gallon jug of water, food, soap, candles, numerous pens and pencils, clothing, thermometers, chalk, cooking and eating utensils, medicine of various kinds, hand tools, $1.12 in cash, bed clothing, and numerous other school office supplies.

The boys told police the bikes were taken from 491 E. Farming St., 387 E. Mark St., and 348 Patten St. Police were still investigating the case today and had not yet determined who owns the bikes.

Confess Taking Knives

In addition to the bikes and the articles stolen from the school, the pair also told police they stole three pocket knives from a dime store Saturday afternoon.

Chief Coon said various articles were scattered all over the floor of nearly every room in the school building.

According to their statements to police, they began stealing the items from the school after breaking in about 3:30 p.m. Saturday. After this they made repeated shuttle trips between the school and the hiding place west of town.

Chief Coon said police investigation revealed they gained entrance to the building through a cafeteria door on the west side of the building. Going into the basement, they then climbed a stairway to the first floor and broke out the glass in a first floor doorway which gave them access to the upper floors of the building also.

They are being held in the Marion County Detention home pending completion of police investigation of this case and their possible connection with other thefts in the city. They will be taken before Marion County Juvenile Court when the investigation is completed, Coon said.

Youth Suffers Crushed Foot In Rail Mishap

Gary Townsend, 17, a senior at Harding High School, lost a foot following an accident Saturday afternoon at the ice plant of the City Ice and Fuel Co.

He was thrown between two railroad cars when a string of empty cars being moved into the yards bumped the string on which he was sitting. His foot was crushed under the wheels of one of the cars.

Fellow workers told authorities Gary had stepped onto the car to sit down. When the cars bumped he was picked up bodily by the jolt and thrown between the cars.

His fellow workers said he missed falling clear of the railroad tracks by less than three inches. He was taken to City Hospital by a Boyd ambulance where the badly-mangled foot was amputated.

Gary is the son of Mr. and Mrs. Harold Townsend of 185 Glad St. He was employed at the ice plant on Saturday and attended school during the week. His brother, Dave Townsend, is a member of the Harding High School football team.

An official of the ice plant, located at the Erie Railroad Yards west of the city, said the accident occurred around 1 p.m. Saturday. The youth was admitted to the hospital at 1:30 p.m.

Traffic Crash Fatal to College Football Player

5 Others on Squad At Marietta Hurt; Car, Truck Collide

ZANESVILLE, Ohio (AP)—An early morning traffic accident took the life of a Marietta College football player, and injured five other members of the football squad today.

James Way, 21, a sophomore and starting end on the Pioneer eleven, died about 9:40 a.m. of injuries and shock received when the car in which he and his companions were riding figured in a collision with a truck.

The accident took place on Ohio 77 a mile south of McConnellsville as the boys were returning to college after a weekend at home.

Way lived at White Cottage, a small community near Roseville in southern Muskingum County.

Hank Weigelt, 18, of Zanesville, a substitute halfback on the Pioneer eleven, was reported to have been hurt seriously.

Four other athletes, including three from Marietta's starting lineup, were injured. They are Allen Baker, 21, of Philo, regular end; Bob Ball, 18, of Roseville, starting center; Larry Miller, 18, of New Concord, regular quarterback, and Danny Watson, 18, of Philo, a substitute end.

Don Drumm, Marietta College athletic director, said the tragic accident was also "a terrific blow to us."

All are in Bethesda Hospital. The Muskingum County coroner's office is investigating the accident.

Authorities said both the automobile and truck, a semi-trailer hauling steel, were headed in the same direction. First reports were that the driver of the automobile was blinded by the sun, causing the car to strike the trailer of the truck. The top of the automobile was sheared off, and it caught fire.

The driver of the truck, Parnell Kilbern of Dayton, employed by the Aetna Freight Lines, escaped injury. He and several state highway department workers helped remove the injured from the wreckage of the automobile.

2 Teenagers Held in Killing At Pittsburgh

PITTSBURGH (AP) — Two teenaged boys are being held on murder charges today in what homicide detectives say was the brutal beating and kicking to death of a 52-year-old father of six who refused to give them a cigarette.

In addition, four other boys are being held as material witnesses and on assault and battery charges.

The victim was David Jenkins, a janitor.

Charged with his slaying are William B. Hindley, 18, and Ronald Abersold, 16, both of Pittsburgh.

In custody as material witnesses and being held for court on the assault and battery charges are Robert Neely, 14, James F. Needham, 16, James E. Ford, 16, all of Pittsburgh, and Cyril B. Holmes, 17, Midland Pa.

Detectives Louis Hamel and Martin Corcoran said this is what happened:

Frank Stevens 41, a barber who rooms at the Jenkins residence, was attacked by a gang of boys late Saturday night. He broke away and told his landlord what had happened.

Jenkins went to a nearby corner, saw two boys loitering there and asked them if they had helped beat Stevens. They said the hadn't. They asked Jenkins for a cigarette but he refused.

The detectives said the two identified as Hindley and Abersold, pounced on Jenkins and began hammering at his face and body. He ran into the middle of the street and fell. He was dead on arrival at a hospital.

The officers said an autopsy disclosed Jenkins died of a hemorrhage at the base of the brain.

The detectives said Abersold, who had a three-quarter-inch cleat on the tip of his left shoe, said he kicked Jenkins, declaring:

"We were scared because he had a stick. We didn't want to do nothin', just hit and run."

The detectives said three newsboys who witnessed the attack declared Jenkins did not have a stick.

Girl, 13, Shot Accidentally in 'Cowboy' Game

A game of "cowboys and Indians" resulted in the accidental shooting of a 13-year-old Marion girl over the weekend.

Patricia Manley, daughter of Mr. and Mrs. Pete Manley of 351 Commercial St., was shot in the stomach with a 22-caliber rifle while playing with a younger brother, Pete, 11. The accident took place in the yard of their home shortly before 2 p.m.

She was taken to Marion City Hospital where the bullet was removed. Patricia is reported in "good" condition today by hospital attendants.

Report given to a Marion policeman at the hospital was that the two were playing a game and the boy pointed the gun at his sister, and pulled the trigger, thinking the gun was empty.

Kiwanis Club Nets $1,215 in Sale of Apples

Sale of apples on down-town street corners Friday and Saturday brought $1,215 to the Kiwanis Club for the benefit of underprivileged children. The sale was the local organization's part in National Kids Day observed by Kiwanis Clubs throughout the country.

Complete returns will not be released until the end of the week, Jack Lautenslager, club spokesman said today. Returns from persons who received apples through the mail are still coming into headquarters, he explained.

Lautenslager was pleased with the returns realized from street sales. He said the returns were "exceptionally good." He expects the final report to be made at the club meeting Thursday.

About 80 Kiwanis members stood on downtown street corners Friday night and Saturday morning and afternoon selling the apples. Proceeds from the sale go for the aiding of underprivileged children in Marion and Marion County.

Last year, the club raised $1,500 through its efforts. The money was used to give medical and dental treatment to 48 children whose parents could not afford the expense involved, and to refurnish one of the children's dormitories at the Children's Home.

Favors Arms Support Only

Sen. Russell Urges U.S. Drop Economic Aid Plan

WASHINGTON (AP)—Sen. Russell (D-Ga) said today he will support "reasonable" foreign military aid requests in the next Congress but wants this country to get out of the economic assistance field.

The Georgia Democrat, unofficial leader of a Southern Democratic bloc in the Senate, said in an interview he wants military aid limited to those countries which show concretely the ability and willingness to help rearm themselves.

Believes Views Shared

"I have a strong feeling, and I am sure it is shared by many of my colleagues, that we ought to get out of the field of giving economic aid to foreign countries," Russell said.

His views on this score coincided largely with opinions voiced previously by Senators Knowland of California, the Senate Republican leader, and Lyndon Johnson of Texas, the Senate Democratic chieftain.

Russell, a member of the Senate Appropriations and Armed Services committees, said it will be up to the Foreign Operations Administration to lay before Congress proof that each nation for which it asks aid is doing its full share toward rearmament.

Must Have Evidence

"We can't afford to assume the responsibility for rearming any country, no matter how vital that country is to Western defenses," Russell said. "We must have concrete evidence that the individual country concerned is putting forth its full efforts in its own behalf."

Amount of the U. S. Contribution

Russell said he is interested in learning how much the United States is putting up in a proposed billion-dollar outlay for the manufacture of ammunition in Western Europe. North Atlantic Treaty Organization headquarters announced this program last Friday, but the was not divulged.

"It would certainly be carrying things too far for us to pay the

Disabled American Veterans Plan Sale Of Forget-Me-Nots

A proclamation declaring Friday and Saturday of this week as Forget-me-not Days has been issued by Mayor Harold F Robinson

On these days members of Marion Chapter No 22 Disabled American Veterans, will offer the tiny blue flower in return for voluntary contributions to be used by them in carrying on their assistance to disabled veterans and their families

Pointing out that the DAV is the only congressionally chartered spokesman of by and for the wartime disabled, the proclamation states it is deserving of generous giving by all citizens and cites the excellent rehabilitation service of the DAV which has brought incalculable returns both humanitarian and financial to thousands of deserving wartime disbaled veterans

Citizens contributing to this cause will be making a big dividend-paying investment in community service, the proclamation states

Members of the chapter and auxiliary will be in the downtown business section on the two days in the interest of their annual sale.

Drivers Must Stop for Buses Loading Pupils

A warning concerning changes in the law covering the operations of school buses on Ohio highways was sounded today to bus drivers and motorists by Capt D W Unkle of Columbus enforcement officer of the state highway patrol

Effective Oct 2, motorists on four-lane highways that do not have physical dividers must stop for a halted school bus regardless of the direction the motorist is traveling. Capt. Unkle emphasized that this means drivers on the opposite side of the road from the school bus must come to a complete halt and remain stopped until the bus continues on its way

Before being revised, the law permitted motorists traveling the opposite direction of school buses on four-lane highways to continue moving

The new law also stipulates that motorists traveling in the same direction as a school bus on a four-lane highway with a physical divider must stop for a school bus The law governing stopping for busses on two-lane highways remains unchanged and states that drivers traveling either direction must stop

In other words only those motorists traveling in the opposite direction of a bus on a four-lane highway that has a physical barrier are not required to stop, Capt Unkle said He pointed out that painted dividing lines are not considered barriers.

In addition to advising school bus drivers and motorists of the revised law, Capt Unkle sounded a warning to bus drivers that they must halt the rising number of traffic violations being recorded He said patrolmen over the state opened there have been five arrests against school bus drivers He said patrolmen over th estate have been alerted to pay special attention to the driving habits of school bus operators and show no lemency to drivers violating traffic laws.

Many Have Forgotten How

It Takes Time To Learn Art of Loafing

By HAL BOYLE

NEW YORK (AP) — Loafing, the oldest and finest of the arts, is now being medically prescribed as a way to stay healthy.

So if you get sick it may be your own fault through failure to employ this easily available miracle drug.

Two specialists told the Michigan Medical Society this week Americans need to slow down, that a 15-minute pause in the day's duties would help curb heart disease and mental disturbances.

"Why, just plain, old-fashioned loafing has become a lost art," commented one.

Before we go deeper into how to live longer by loafing, let us examine why this life-prolonging, health-enriching art was lost from our culture.

Well, the common man is usually blamed for everything. But in this case he has a clear alibi. He always had a sneaking suspicion the old theory about hard work never hurting anybody was false as the whiskers on a department store Santa Claus. And improvising as best he could, he has done his best to keep the art of loafing from dying out altogether.

You can't blame the government either. Nobody could fairly accuse the politicians of having lost the art of loafing. Some have even made a heart-warming attempt to turn it into a science.

The real guilty party is probably a last-century, how-to-get-ahead writer named Horatio Alger. He made loafing disreputable. He misled his ambitious young countrymen by writing books with such lurid titles as, "Sink or Swim," "Strive and Succeed."

Soon everybody was trying to outstrive everybody else. To stay respectable you had to do your loafing in secret. And secret loafing is like secret drinking—more of a problem than a pleasure.

There is no doubt that many who followed Alger's "sweat and get" doctrine became rich and successful men. They still do. They also often leave rich and successful widows who can afford to marry and support a charming loafer.

But Horatio Alger never wrote these happy endings to his fables. He couldn't stand to see a loafer get the rewards of honest leisure.

It never occurred to him that he was an ulcer merchant. He never realized all work and no play may make jack—a lot of jack—but also can make him sick and unhappy, and kill him in his prime.

Doctors also used to regard idleness as un-American, and sought success by the Alger formula. Soon the overworked doctors were treating each other for the same diseases as their overworked patients—and keeling over at the same untimely age.

Now the smart physicians are beginning to take their own new prescriptions. They are learning when to put down a hot stethoscope and pick up a cool golf club.

But reforms come slowly. The go-getter is still afraid to loaf except on medical advice. His goal now is to work so hard he will get so sick that a doctor has to warn him to start loafing or he'll never get well enough to begin working himself to death again. His conscience won't let him relax until the doc tells him, "Okay, take it easy—or else those banjo string nerves of yours will go out of tune forever."

We'll never revive the lost art of plain, old-fashioned loafing that way.

Nor can we restore it by any measly 15-minute daily rest period, as advocated by the two doctors at the Michigan medical confab. If loafing does help avoid heart trouble and mental upsets, why stop at a 15-minute dose. That is like saying:

"Quick—hurry up and loaf."

Why, even a woman can't work up a good sulk in 15 minutes. The wonderful thing about loafing is you can't hurry it without destroying its medicinal effects. Anybody who thinks he can get any real loafing done in 15 minutes probably also would be willing to try to row the liner Queen Mary to Europe using only a chicken feather as an oar.

Plain, old-fashioned loafing takes time, like any other art.

You may be able to learn to play the piano in 15 minutes a day, but if you want to become an artist at loafing you've got to buckle down and give it the best years of your life.

Film on Catholic Relief Work Will Highlight Meeting

Plans were made for a meeting on St. Mary Council of Catholic Women on Nov. 12 and also for attending the eighth annual meeting of the Columbus Diocesan Council of Catholic Women on Oct. 27 in Columbus, at a recent meeting of the council board held in St. Mary rectory.

The local meeting will be held in Moira Hall and will open with Benediction with the Most Blessed Sacrament in the church. For the program there will be a 45-minute film titled "The Works of Peace." The film is a dramatic story of Catholic relief around the world and narrator is Bishop James H. Griffiths, auxiliary bishop of New York. A business session will precede the program.

Headquarters for the one-day diocesan meeting will be the Neil House. The members will attend a pontifical mass celebrated by Bishop Michael J. Ready preceding the opening of the morning session. Workshops on religious activities, Catholic charities and the PTA will be held in the state office building and workshops on International Relations, social action, family life, public relations and adult education will be held at the Neil House.

Speaker for the banquet at 7 o'clock will be Miss Alice Curtayne, noted writer and author.

The committee for the Nov. 12 meeting includes Mrs. W. R. Martin, Mrs. Albert Merkle and Mrs. Walter Macken. Delegates to the Oct. 27 meeting are Mrs. Robert Ramroth, president, and Mrs. A. W. Granger.

SCHOOL GROUP MEETS

GALION — Miss Wilma Crall, principal of the South Elementary School, introduced the new teachers and welcomed new parents when the first meeting of the school year was held recently by the PTA. The new teachers are Mrs. Mildred Maurer, Mrs. Beulah Garlow, and Miss Rosalee Lyon. Devotions were led by Mrs. Roland Flowers, and business was in charge of Richard Farriman.

When the Bender's Over

Men live and sometimes they learn. They learned when the bottom fell out of confidence in the early thirties that the American people can be talked into a business slump.

Benjamin F. Fairless, chairman of the board of U S. Steel Corp, was warning an audience in Detroit a few days ago about this

This country's enemies abroad who would like to ruin it, he declared, talk about a recession that would give free enterprise a black eye But they can't produce it, no matter how hard they try to make the Communist party line come true.

The only people who can produce a slump are Americans who become prophets of pessimism to prove they have special insight. The pessimists have always groaned and growled but Americans haven't always paid attention to them.

During the times when Americans refused to be depressed, the world's greatest productivity was created—the world's highest standard of living—the golden age of industry.

Yet the pessimists now are moaning that without war, death, misery and destruction to stimulate it the free enterprise system will go into a tailspin—the doctrine preached by Communist propagandists.

Mr. Fairless and the men who help to manage the massive units of the free enterprise system are aware in 1953 of the danger of selling America short with pessimistic talk. They have learned that much since 24 years ago when a stock-market collapse started an economic tailspin that lasted for more than a decade.

They realize the state of popular confidence has more to do with the rate of business turnover than anything which statisticians can measure, but they can be drowned out by the lamentations of those who have come to the end of an economic bender and can see nothing ahead but their own misgivings.

Figures Never Lie

The consumer price index reached a level of 115 in August, an all - time high. It means that on a base of 100, representing the period from 1935 to 1949, the index stood 15 points higher than the base.

The main gimmick in the statistic is the fact that during the base period the index stood at an average level of 59 8 Two secondary gimmicks serve to confuse the picture even further.

One is the fact the index does not represent reality. It does not reflect what consumers actually buy but the prices of a list of things they might buy if they lived in certain communities and exercised no selective judgment.

The second is the fact the all - time high of 115 reached in August was less than a one-point rise (.7) since August, 1952 and only .3 of a point above July of this year

For practical purposes, the consumer index has been stabilizing itself since the sudden jump between 1947 and 1952, when it rose from 95 5 to 113 5. It had been in the 114 bracket since July, 1952, varying by small fractions from month to month.

With allowances for selective consumption, the actual cost of living has ceased to rise. The purchasing power of dollars is no longer being whittled away by inflation.

Casting the First Stone

Out of thousands of American prisoners of all degrees of intelligence, the Communist side in the Korean war says it has converted 23 to its way of thinking.

These 23 say they don't want to come home to the United States until it has turned Communist They may change their minds about it but that is how they profess to feel as they pass from their captors' hands into neutral custody

Let Americans who are without sin cast the first stone at the "traitors"

That will exclude all Americans who at any time in the past shared the "Uncle Joe" philosophy about getting along with the Communist dictatorship in the Soviet Union.

It will exclude all Americans who at any time were so anxious to work hand in glove with the Communist dictatorship that they shared specialized information and even tools of industrial production with the dictatorship.

It will exclude all Americans who have compassion for their fellow countrymen injured by a savage enemy in Korea There are injuries of the mind in war as serious as injuries of the flesh

The Canadians Back Us Up

The address to the United Nations Assembly in which Lester B. Pearson spoke directly to Soviet Russia was much in line with sentiments expressed to the U.N. body a few days previously by our Secretary of State Dulles.

He reassured Russia, as Dulles had done, that neither Canada nor the United States has any intent or desire to tamper with to say nothing of take over any foreign country.

It is puzzling that assurances like these seem to fall on deaf ears in Moscow, which keeps spurring military tension in North Korea and almost daily accuses the democratic countries—and the United States in particular—of plotting aggression.

Tax Outlook for 1954

By James Marlow

Average Citizen Certain of Only One Cut

WASHINGTON (AP) — What's the tax outlook for you in 1954?

At this moment, if you're an individual taxpayer, you can be virtually sure of only one cut.

That reduction, a drop of about 10 per cent on individual income taxes, goes into effect at the start of 1954.

It won't be a cut in the tax you pay on the 1953 income you're now earning. It will be a cut in the tax you pay on your 1954 income.

There are two reasons for saying this reduction is coming. (1) the law passed by Congress calls for it and (2) the Eisenhower administration says it won't oppose this cut.

But what some people save by this reduction in their 1954 income tax may be offset by an increase in their social security, also scheduled to start Jan. 1. On that date the social security tax, which employers and employes both have to pay, goes up from 1½ to 2 per cent.

There are other cuts which may go into effect in 1954 and mean a saving for many people. They are on the excise taxes on a number of items people buy.

These reductions, under law passed by Congress, are scheduled to take effect next April 1.

There are excise taxes on many items. Not all of them take a dip April 1. Only some. For instance, on liquor, cigarettes, new cars, the tax is due to go down.

But—even though Congress by law set April 1 for this excise reduction, it cannot be said positively now that this cut will take place.

The Eisenhower administration may need money badly by April 1 and urge Congress, which will be in session then, to pass another law delaying the reduction to some future date. President Eisenhower has already made such a request, but he did not press it this year.

This drop in excise taxes would cost the government about a billion dollars. Whether Congress would listen to the administration and delay the reduction remains to be seen.

In 1954 Congress will be in a mood to cut taxes, not raise them, for 1954 is an election year for all 435 House members and one-third of the 96 senators.

Congressional committees which deal with tax matters are now busy looking at the tax laws with the idea of bringing them up to date and perhaps making changes to save some taxpayers money.

For example, the committees face this question: Should a taxpayer with an under-18 dependent who earns $600 or more a year be allowed to claim that person as a dependent?

Also there is the problem of parents with over-18 children going to school. If one of these children earns over $600 during summer vacation, should the parent, if providing more than half the support, still be able to claim that child as a dependent?

Under present law you can't claim as a dependent anyone who earns $600 or more even though you pay more than half his support.

Anyone who can justly claim another person as dependent is allowed a $600 exemption from his own income before what's left is taxable.

Also, to take another example, the congressional committee staffs are considering making some adjustments in the law covering the payment of alimony.

At this moment there's no certainty these problems or many others being examined by the committees' staffs will become law in 1954.

If the Eisenhower administration feels too badly pinched for money, it may ask Congress to raise money by some kind of tax, perhaps a new one. A sales tax has been mentioned.

But Congress, thinking of what the voters will do in November 1954, may prefer to raise no taxes, at least on individuals, until the non-election year of 1955.

Blest be the Ties

By TRUMAN TWILL

The necktie situation is bad again. The neckwear fancier has gone back to school, dragging the old men's family ties behind him.

In place of half a dozen tasty though soup - worn middle - aged men's ties there now are four bow ties of the type the younger generation calls "cool" Wow! Any one of these would be suitable for a clambake and all four together would be suitable for a float in the Mardi Gras.

On the other hand, a clever bow tie with the miraculous ability to make its wearer look like an understudy to a man of distinction has been ruined by this time no doubt with splatters of soft drink. In its place there is a cerise four-in-hand.

This assumption of communal ownership of neckties is no good A man becomes known by his ties that bind, be they good, bad, or just medium repulsive. For the next nine months nothing will be the same. Everything will seem at loose ends.

Besides the ties which are missing and those left behind in their stead, there will be the family car sitting in the barn again, waiting for the head of the house to come around and get reacquainted. That will be hard to take in stride again after a summer layoff.

Some Saturday night it will be feasible once more to sweep out the old go-devil, load 'er with gas and impress the lady of the house again.

It will be feasible as soon as the aching silences have begun to fill up with the routine sounds of family life to theorize about the curious processes of higher education without being challenged

There will be a fighting chance to sneak out to the kitchen, reach into the refrigerator furtively and find something there besides a can of pickled beets.

So who cares?

As child-rearing goes, from tots to teen-agers, the departure of the college students in the fall is one of the high spots.

It's like the swallows leaving Capistrano. They cannot come come back until they have been away.

It's educational for parents.

When they have taken inventory of what's missing they discover some things besides neckties — some things harder to replace and to get along without.

They discover memories of what it used to be like to get up in the middle of the night to get a drink of water for a juvenile customer, of what it was like to get started in the first grade in elementary school—of what it was like not so long ago to start the long process of higher education.

They discover empty beds, empty chairs and empty rooms.

They discover what parents have been discovering for hundreds of years when their children left home to go to new places, to wars, to school, to make their own lives—that nothing is so desolate and empty as a last year's bird nest.

All Life Could Be Extinguished

By Michael Amrine

To what was Secretary Dulles referring when he said that life could be extinguished, and "Those words can be taken literally?"

It might be noted that one leading scientific adviser to the government, who frequently is consulted when such statements are made, has told the writer that he does not know why this was inserted in the speech, and he does not know what means could be used to exterminate all life on the planet. But this is the second reference by a top official to this gloomy subject in six months.

In his inaugural address, the President said. "Science seems about to confer upon us, as its final gift, the power to remove life from this planet."

The two statements would seem to indicate that in January some huge scientific development was pending, and in September it had occurred.

The only authoritative discussion of this subject ever to be made public by scientists who are familiar with the theory of the hydrogen bomb occurred on Feb. 26, 1950, on the University of Chicago's Round-table radio program. Among the discussants were Dr. Leo Szilard, the physicist who originally persuaded Dr. Einstein to write the letter to President Roosevelt which started the atomic bomb project, and Dr. Hans Bethe, who, years before the war, published his famous theory that one form of hydrogen fusion was the reaction which powered the sun of our solar system. Dr. Szilard now is at the University of Chicago, and Dr. Bethe is at Cornell, Ithaca, N Y.

Their remarks were denounced at the time by the then chairman of the atomic energy commission, David E. Lilienthal, as coming from a "cult of doom."

Lilienthal called them "oracles of annihilation," and said that such pronouncements served no purpose, neither the intimidation of Russia, not the building up of international trust, nor the cool appraisal of our military security needs.

Rather, he said, they only spread a feeling of "hopelessness and helplessness."

On the broadcast, Dr. Szilard said that "It is very easy to rig a hydrogen bomb . . so that it should produce very dangerous radioactivity. Most of the naturally occurring elements become radioactive when they absorb neutrons. All that you have to do is pick a suitable element and arrange it so that it captures all the neutrons. Then you have a very dangerous situation"

Neutrons are tiny particles which are found in all atoms, in the process of the fission reaction, or [illegible] in fusion of hydrogen, they fly off as rays of tremendous force and speed — tens of thousands of miles *a second.*

"Let us assume," said Dr. Szilard, "that we make a radioactive element which will live for five years and that we just let it go into the air. During the following years it will gradually settle out and cover the whole earth with dust. I have asked myself: How many neutrons or how much heavy hydrogen do we have to detonate to kill everybody on earth by this particular method" I come up with about 50 tons of neutrons, as being plenty to kill everybody, which means about 500 tons of heavy hydrogen"

In a later statement, Dr Szilard said that if 50 tons of neutrons are absorbed into a suitable element and uniformly dispersed over the earth "then a person who is exposed to the gamma rays will receive an X-ray dose of the order of 10,000 units by the time the radioactivity decays. If an X-ray dose is given within a short period of time, 1,000 units would be sufficient, but if the dose is given over a period of years, a larger amount would be needed.

"If 10,000 tons of heavy hydrogen were required, such an amount could be accumulated over a period of 10 years without an appreciable strain on the economy of a country like the United States," he added.

In an ordinary X-ray examination of the stomach, a person is exposed only to one unit of radiation; in a fluoroscope examination, 10 to 20 units per minute come from the machine, and physicians are careful to keep the time to a matter of seconds.

Thus, while 500 tons of heavy hydrogen is a fabulous amount, it is not beyond our industrial capacity, and the radiation produced by putting this together with a hydrogen-bomb explosion would produce an almost incredible amount of radiation, according to Dr. Szilard's calculations

It should be noted that no government source ever has confirmed these calculations, but this remains the most likely possibility behind Dulles' statements.

There are non-atomic poisons so powerful that a teacupful would be enough to wipe out the population of New York — but citizens would have to file by and be inoculated with it. There is no way to deliver it.

Red Spies Filter Into Japan

By Richard Hughes

TOKYO 000 Japanese prisoners recently repatriated from China. The escape from surveillance of these Japanese is presumed to mean that they were all Communist agents with specific underground tasks to fulfill on return to Japan.

By trapping the armed crew of a Soviet cutter off the northern coast of Hoddaido recently, Japanese security-patrol police have unmasked an elaborate Communist spy ring in Japan.

A Japanese accomplice, whose arrest led to the tricking of the Russian vessel with false signals at midnight, has confessed that he was smuggled into Japan with new secret codes for Japanese spies who are in constant radio communication with Siberia and Peiping.

Other arrests have quickly and quietly followed, and the outline of an extensive, active and dangerous espionage network is gradually being uncovered when reveals that

1. "Agency 101" is the code title of the Japanese espionage ring, which is directly linked with the Far East Cominform headquarters in China (Siberia).

2. Scores of specially trained Japanese agents are slipping into Japan from Sakhalin and the nearby Kurile Islands, former Japanese possessions which were ceded to Russia at Yalta.

3. Special schools in espionage and subversion have been set up at Toyoharo in Sakhalin and at Mukden in Manchuria.

Here, under the direction of Japanese renegades, Japanese nationals and former prisoners of war, who have been coerced, "converted" or bribed, are trained in spying, sabotage, radio-signaling and propaganda methods

Then they either are moved openly into Japan as repatriates or landed at night on the foggy, *volcanic beaches of Hoddaido* (Japan's northern-most island) from fishing sampans or Soviet submarines.

Disclosures by a confessed double spy named Masao Mitsuhashi, now in prison in Tokyo, indicate that Red agents are regularly transmitting vital information on Japan's security and U S. garrisons and bases from secret radio stations inside Japan.

Japanese counterintelligence officials admit that they have "lost trace" of nearly 2,000 of the 19,- a charge under the immigration control law (bringing persons into the country illegally).

A special meeting of the Japan Bar Assn. will be held at Asahikawi (Hokkaido) under the presidency of the procurator general, Tosuke Sato, to determine proper legal action against the first Russians arrested by the Japanese since the end of the war — and to draft recommendations for urgent legislation to restore Japanese self-protection against foreign spies and saboteurs.

Those Garble Sisters

The Garble Sisters were just overheard catching up on current events, or nearly so "I see somebody flew Beria over to our side and got that $100,000 reward," said Hazel Garble, whose friends call her "Hazey " "Well, when our side offers that much money for a top Soviet leader it should keep the bargain. Do think anybody will fly Vishinsky in for the same price?" replied her sister, Dora Garble.

"I understand the government has raised the offer if anybody will fly Vishinsky over to our side so we can take him apart and find out how he manages to fly sideways and backwards all the time," said Hazel.

"How can we afford to pay such big money for these flights?" asked Dora

"It all comes out of a $31,000,000 general-purpose fund which makes a jackpot program possible. You can't go into this jackpot business for less," said Hazel.

"Do you think this Beria is the Berla we ATORS IN THE INTEREST OF U want?" asked Dora.

"This is to be decided by a nonpartisan committee of both Republican and Democratic senators in the interest of unity, and in case of a tie it goes to Vice-President Nixon and Florence Chadwick"

"Who is Florence Chadwick?" asked Dora.

"She is the new presiding officer at the 1953 General Assembly session, I think," said Hazel.

"How are things going in the General Assembly?" asked Dora

"All I know is that a Communist named Mr. Mig, who was to represent the Poles, landed in the American delegation and can now be gone over to see if there is anything new in him that we don't have in our delegates"

"What ever became of the Korea peace talks?"

"They got sidetracked on account of Ambassador Furillo got a cracked metatarsal joint in one hand in a fight with the Indian delegate, Sir Casey Stengel" explained Hazel.

"What about La Starza?"

"He won't pitch the opener unless by a two-thirds vote"

"Who do you like in next week's battle — Brooklyn, Trieste or Tom Fool?" asked Dora.

"Native Dancer could of licked 'em all," declared Hazel.

MRS. RICHARD BREITHAUPT

Joanna M. Born Becomes Bride Of R. L. Breithaupt

A candlelight service in the First Evangelical and Reformed Church united in marriage Miss Joanna M. Born, daughter of Mr. and Mrs. Jack O. Born of 517 Forest St. and Richard L. Breithaupt, Saturday evening, Sept. 19. The bridegroom is the son of Mr. and Mrs. E. M. Breithaupt of 327 Marion Ave.

Officiating for the 7:30 o'clock ceremony was Rev. J. Paul Goebel, pastor. White satin bows ornamented the four candelabra holding lighted tapers and centering the altar was a basket of white gladioli and chrysanthemums. Family pews were marked with white satin bows. Mrs. Clara Belle Sinning presided at the organ for a program of wedding music and vocaist was Peter D. Bartholomew of Detroit, cousin of the bride.

Given in marriage by her father, the bride wore a period gown fashioned with a fitted bodice of nylon tulle over satin, button-trimmed in the back and sleeves of nylon tulle ending in points over the hands. A cascade of French imported lace ruffles paneled the front of the full skirt and edged the train. Her fingertip veil was held with a bonnet-effect crown of pearls and lace and she carried her orchid wedding bouquet on a lace-covered white Bible. Her jewelry was a single strand of pearls and earrings.

The attendants were Miss Helen Lyon, maid of honor, Miss Janet Born, sister of the bride and Miss Rosalie Walker, bridesmaids, and Miss Mary Jean Reed, cousin of the bride, junior bridesmaid.

Their gowns, styled by the bride's mother, were of faille with full nylon tulle overskirts offset by an apron effect of tiny ruffles. The bodices had sweetheart necklines with wide crushed tulle stoles and they wore matching Colonial bonnets and carried bouquets of white carnations. Miss Lyon's gown was in a mint green shade and the other attendants wore dresses in a shrimp shade.

William Cox, cousin of the bridegroom, served as best man and ushers were John Breithaupt, brother, and Gordon Wyles of Kenton.

Lighting the candles were Billy Born, brother and Danny Bartholomew, cousin of the bride.

The reception was in the church parlors where bouquets of fall flowers, palms and lighted tapers formed a background for the bride's table centered with a tiered wedding cake decorated with wedding bells and a bridal couple. Lighte tapers were at either side of the cake. Hostesses were Mrs. Robert Lucas, Mrs. Lester Smith, Miss Marilyn Dengler of Marion and Miss Charlene Long of Jackson, Mich.

When the couple left on a wedding trip in Michigan the bride was wearing a dress of antique tweed shantung, brown accessories and her wedding orchid.

The bride was graduated from Harding High School in 1950 and has been employed at the Marion Tire Service. Mr. Breithaupt, a graduate of Harding High School in 1947, is enrolled at Ohio State University. Prior to entering college he served four years with the U. S. Marine Corps. They will make their home in Columbus.

Guests were from Detroit, Jackson and Lansing, Mich. and Muncie, Ind., Newark, Bowling Green, Ashland, Lima and Upper Sandusky.

The rehearsal party was at the home of Mr. and Mrs. E. M. Breithaupt on Friday evening.

A number of pre-nuptial showers were given for Miss Born. Among those entertaining were her aunt and cousin, Mrs. Howard Bailey and Miss Jean Bailey of Kenton, members of Nu Phi Mu Sorority; Miss Helen Lyon and Miss Rosalie Walker who entertained at the home of the former on the Bucyrus Pk., and Miss Marilyn Dengler, Mrs. Vera Dennis and Mrs. Carlos Bailey who entertained at the Bailey home on E. Center St.

HONORED AT DINNER

GALION — The new principal of the North Elementary School, George Joachim, Mrs. Joachim, and Miss Muriel Crall, were honored by the teaching staff last Thursday night at a dinner party held at Hotel Harding in Marion. New members were welcomed by Mrs. Florence Morgan, and the response was made by Mr. Joachim. Games and entertainment were in charge of Jean Lathrup and Ruth Gugel, and table decorations were planned by Mrs. Mabelle Friar, Mrs. Lorena Lutz, Mrs. Bessie Payne and Mrs. Mary Stokley. General chairman was Mrs. Jane Emrick. Other guests present were Joyce O'Neil and Mrs. Thelma Gottfried.

Weddings

In the parlors of Central Christian Church Sept. 18, Miss Rita Lyon, daughter of Mr. and Mrs. Basil Lyon of 251 N. Greenwood St., became the bride of Stanley W. Payne, son of Mr. and Mrs. Clyde Payne of 384 Lee St. The double ring ceremony was read by Rev. Ashley Booth, the church pastor.

For her marriage, the bride wore a beige bengaline coat dress, and her accessories were navy blue. She wore a navy stole borrowed from her maternal grandmother, and carried a white Bible, a gift from her parents. Her jewelry included a pin and earrings of navy blue, and her corsage was of red roses.

Miss Lola Fix, maid of honor, was attired in a wine color coat dress with which she combined navy accessories. Her corsage was of yellow feather mums.

Lloyd Gray, brother-in-law of the bridegroom, served as best man.

A graduate of Harding High School in 1949, the bride is employed at the Atlantic and Pacific Tea Co. market as a cashier and bakery clerk. Her husband attended Harding High School and served four years in the U. S. Army, with three years in Japan. He is employed at the G and G Builders. For the present, they are making their home at 349½ Olney Ave.

Preceding the wedding ceremony, the couple presented the attendants with gifts.

Michigan State cross country teams have won four NCAA team championships and seven IC4A titles.

Annual CROP Drive Begins

Wyandot Group Hears Talk by State Director

Special to The Star

UPPER SANDUSKY — This year's Wyandot County CROP campaign opened Tuesday with an organizational meeting at the Court House in Upper Sandusky with Rev. Clyde N. Rogers of Columbus, CROP state director, as the speaker.

He returned recently from a tour of Church World Service centers in Germany and Iran, and praised the work of the organization and of the American Point Four and Technical Assistance programs. He said that the present need abroad is for supplemental feeding with powered milk, oils and fats, cheap sweets, and flour for bread.

Rev. E. Ted Wonder, county chairman, presided. Rev. William B. Sossong of St. Peter's Catholic Parish in Upper Sandusky pledged the cooperation of Catholic Parishes of Wyandot County in the campaign.

Township cochairman present included Stanton Gongwer and Mr. and Mrs. Ira Pool for Antrim; Elare W. Case and George W. Eyestone, Eden; Mrs. Dwight Heckathorne and Mrs. Richard Emptage, Marseilles; Ned Kotterman and Paul Kuenzli, Pitt; Howard Cole and Dewey Plott, Richland; Claude Adams, Paul [illegible] Gregg, and Frank Harper, Sycamore; Gale Everhart and Raymond Harter, Tymochtee.

Other ministers present were Rev. Darwin Clupper of near Bucyrus, district chairman for Crawford, Wyandot, Hardin, and Marion Counties; Rev. Knox R. Roberts of Neveda, co-chairman of the North Central Association for Lutheran World Action, Rev. Andrew Kolorawsky of First Lutheran Church, Upper Sandusky, Rev. Richard Ward of Wharton, campaign vice chairman, and Rev. Frank McMillen of Nevada, secretary.

Utility Head Issues Warning in Address

COLORADO SPRINGS — Steady Government encroachment in the power business is a direct threat not only to all private enterprise, but even to individual freedom, the National Exchange Club was told Saturday at its 35th annual convention.

The warning came from Walter H. Sammis, president of Edison Electric Institute, and one of the nation's leading power executives. Sammis is also president of Ohio Edison Company of Akron.

He emphasied that the people in the utility business see this federal invasion of the power field as being extremely important to every other industry and to each citizen as well.

NOTHING BUT BEST

JACKSONVILLE, Fla. (UP)—A young bandit, apparently accustomed to high living, robbed a loan company here of $170. He escaped in a flashy convertible in which two dogs and a blonde were waiting.

Silver was discovered beneath an uprooted bush at Potosi, Bolivia, in 1545.

How you can keep slim the ROMAN MEAL way*

What Is the Roman Meal Way?

It's your happy way to vital living. It's your own personal recipe for a slimmer, more shapely you. It means the letters "f," "a," "t" are no longer in your vocabulary. It means no mirror says accusing things to you. It means freedom to choose from lovely clothes. It means a new outlook... in fact, a new YOU.

How? When?

First, get your copy of "The Roman Meal Way," your scientific approach to weight problems and better nutrition. Use the coupon below. Then follow the simple directions. It's easy! When? The time to start is now.

Roman Meal Bread Is Baked Especially for You

No other bread is like Roman Meal. It's the "good for you" bread of superior nutrition, made of not one, but three natural grains, skillfully blended for your health's sake . . . wheat, rye, and flax.

Roman Meal gives you protein to help burn unwanted excess fat. Vitamin E for muscle tone and vigor. Vitamin B1 for well-being. And Dextrose for energy pick-up.

All This . . . and Delicious, Too!

You'll probably say Roman Meal Bread is the finest you've ever tasted. You'll enjoy its nut-like flavor. And toasting makes it even more delicious. It's the loaf that all the family likes . . . good all the time . . . every day . . . at every meal.

16 Automobile Mishaps Occur In City, County

Only One Injury Listed In Accidents Reported By Police and Patrol

One person was slightly injured in a total of 16 weekend traffic accidents reported in the city and county by city police, state highway patrol and the Marion County sheriff's office.

Of the total, nine occured in the city with no injuries reported in any of them.

One was a three-car pile up in the 800 block on W. Center St. at 8.02 p.m. Saturday.

A car driven by Dean E. Cusick, 28, of near Cardington smashed into the rear of another car driven by Miss Glenda F. Utley of 295 Clinton St. Force of the collision pushed Mis Utley's car forward into a third car driven by Wayne V. Roszman, 25, of 1043 Davids St. Police reported both Miss Utley and Roszman were stopped for a railroad crossing. The Cusick and Utley car were damaged.

Autos' Collide

Cars driven by Urban E. Arbegast, 75, of the Twin Oaks Trailer Camp and Karl Waldo Konkle, 55, of 283 Hane Ave. were damaged in a mishap at S. State St. and E. Columbia Sts. at 11:45 a.m. Saturday.

Considerable damage was reported to cars driven west on Mt. Vernon Ave. at E. Church St. by Mrs. Florence H. Born of 517 Forest St. and Frank M. Foster, 63, of 860 Virginia Ave. at 2:48 p.m., Saturday. Police said Foster's car struck the rear of Mrs. Born's car which was stopped for a street light at the intersection.

An unidentified car parked on W Center St. near Union St. was damaged slightly when struck by a car driven by Peter Joyce, 51, of 175½ E. Center St. at 3:13 p.m. Saturday. Joyce's car was also damaged, police said.

Parked Car Hit

Another car parked in front of 901 Merkle Ave. and owned by William Smith of 481 Davids St., was damaged when struck by a car backing from a driveway and driven by Sarah L. Clapsaddle of 898 Merkle Ave. at 4.40 p.m. Saturday. Her car was not damaged, police reported.

The rear end of a car driven by Roger L. Kingsley, 17, of 916 S. Prospect St. was damaged when struck by a car driven by Carl E. Picken, 46, of 524 Forest St. at Orchard St. and Holmes Pl. at 5 55 p.m. Saturday. The front of Picken's car was also damaged.

A car parked in front of 406 S. Grand Ave. and owned by Roy C. Groves of 295 Johnson St. was damaged when struck by a car driven backwards from a driveway by Harold S. Slauson, 48, of 406 S. Grand Ave. His car was also damaged, police said.

The left rear fender of another parked car owned by Walter Russell of 388 N. Main St. and parked in front of 396 N. Main St. was damaged slightly when struck by an unidentified car at 8:05 p.m. Sunday. Two witnesses reported the accident to the police.

The rear end of a car driven by Fred E. Sandridge, 18, of near Morra, was damaged when struck by another car driven by Glen D. Pickett, 17, of near Caledonia at Campbell and W. Center Sts. at 10 16 p.m. Sunday. Picket's car was also damaged, police said.

Driver Hurt in Crash

One person was injured in one of five accidents in Marion County investigated by highway patrolmen from Marion post. George Metzger, 18, of Bucyrus was taken to Bucyrus Hospital where he was treated and released for injuries suffered when he lost control of his car on County Road 195.

Metzger was going east on the road at 8 05 p.m. Sunday when he swerved into a steel bridge owned by the county. He suffered lacerations of the face and head. An unidentified passenger in the car escaped injury. The car was demolished.

Two other drivers were arrested following accidents over the weekend.

Freda Hay of Findlay was arrested on a charge of reckless operation after an accident at the intersection of U. S. Route 23 and Marion County Road 126 at 8:30 p.m. Saturday.

According to patrol reports, she tried to pass the cars of Ivan Barnhart, 44, of 554 Mt. Vernon Ave. and Frank Williams, 59, of Detroit. Mich. Barnhart was headed north and Williams was headed south. Both cars were stopped on 23 to make left turns onto the county road when Mrs. Hay, southbound on 23, made her attempt to go between the cars, striking both of them.

There was minor damage to Barnhart's car, but extensive damage to both the Hay and Williams cars. She was cited to appear in Municipal Court Oct. 5.

Anderson Hutchins, 65, of Columbus was cited to appear in court Saturday after he struck a parked car owned by Alice Gray of Columbus at 8 05 p.m. Saturday.

Hutchins was southbound on Route 23 in Waldo when he swerved into the side of the parked vehicle. Extensive damage was reported to both cars. Hutchins was arrested on a charge of unsafe operation.

A truck driven by Daniel Jenkins, 26, of Lima was damaged in the right rear fender and corner of the trailer when the dual wheels came off at 11.40 a.m. Saturday.

Jenkins was southbound on Route 23 in Waldo when the right rear wheels came loose. He was uninjured.

Slight damage was done to a car driven by Richard Court, 18, of near Prospect at 9 p.m. Saturday on State Route 4 about five miles north of Route 23. Court told patrolmen another car swerved into his path striking the left side of his car. The other driver continued on his way without stopping.

Sheriff Reports Accident

Larry Wygle, 17, of the Oakland Trailer Park escaped injury Sunday at 12 51 a.m. when the car he was driving left the road on Marion County Road 132, southeast of Marion. A passenger, Martin Bigler, 16, of 287 Pearl St., also escaped injury. Wygle told sheriff's deputies he was rounding a curve when the brakes failed to hold. Extensive damage resulted to the car.

Women Voters Publish Book on Local Government

Results From Two-Year Study Made by Group In City and County

"Your Marion," a 60-page book of information about the city and county of Marion compiled and published by the Marion League of Women Voters, was placed on sale today by league members.

Concerning local government, the book is an outgrowth of material compiled from a study made by the Marion League beginning two years ago when the local League was formed. A "know your town" study is a requirement of each new League, and since the Marion League found city and county government closely correlated, members voted to study county government as well.

The "know your town" study group was headed by Mrs. John P. Courtright, and the "know your county" study group was headed by Mrs. James E. Frew.

UPON COMPLETION of both studies, League members thought the knowledge gained from the studies was of sufficient value to warrant its publication in a printed booklet form. At the annual meeting last spring, the membership authorized the publication.

Appointed chairman of the committee to prepare the information for publication was Mrs. W. G. Wheeler. Serving on her committee this summer were Mrs. R. W. Fay, Mrs. Frew, Mrs. J. K. Staats, Mrs. W. F. O'Brien, and Mrs. W. R. Diem.

THE BOOK INCLUDES information about the structures of city and county government, how they are financed, what protection and services the local governments offer their citizens, as well as general characteristics of the city and county of Marion.

It is illustrated with line drawings made by Mrs. Diem, a member of Mrs. Wheeler's committee. The book was edited by Miss Evelyn Kristoff.

Although complete distribution plans for the book have not been formulated, at present it is on sale for 25 cents a copy at downtown stationery stores. It also may be obtained from the League's publications chairman, Mrs. E. W. Warwick at 2-4956, and from Mrs. Jessie Conley at 2-0802.

A SERIES OF radio programs has been based on information contained in the book. Acting as moderator for the program, which currently is broadcast at 6 30 p.m. on Mondays, is Mrs. Norman Winslow. On tonight's program Mrs. Warwick and Miss Kristoff will talk about the book and how it came to be published.

COUNTY COMMISSIONER RAY REIDENBAUGH and Mayor Harold Robinson are shown receiving the first copies of the Marion League of Women Voters' publication, 'Your Marion," from Mrs. W. G. Wheeler and Mrs. Robert Axe. Mrs. Wheeler was chairman of the committee which compiled the information contained in the book, and Mrs. Axe is president of the Marion League.

District School Officials Plan Spring Meeting

A spring meeting to evaluate action of member schools will be held, it was decided Saturday as the annual zone conference of the Associated Public School Systems closed a two-day session in Marion.

Five study groups concluded their meetings Saturday morning at Taft Junior High School, and presented summary reports following a noon luncheon at the school cafeteria.

The groups had as topics the economic basis of education, budget and community relations, pooling and sharing ideas, citizenship education project, and developmental research. Group leaders were Frank Buchanan of Urbana, Eileen Cozart of Steubenville, Woodrow Purdy of Urbana, John Blackford of Mariemont, and Walter Crewson of Hamilton.

New York APSS staff members attending the conference were Dr. Norton L. Beach, Dr. Mitchell Brickell, Dr. John Polley, and Charles Turner. Ralph M. Gantz of Steubenville was the conference chairman.

More than 100 educators and lay leaders from 16 school systems in Ohio attended.

Wyandot County Schedules Meetings On Farm Policies

Special to The Star

UPPER SANDUSKY—The Wyandot Conty Farm Bureau Board has completed plans for four sectional meetings of farmers at which time they will discuss what kind of farm program policy they want. The United States Department of Agriculture has asked the Farm Bureau to discuss what kind of program the farmers want. All County Farm Bureaus, including Wyandot County, will be participating in the survey.

Rollie Hite, president of the Wyandot County Farm Bureau, states that there are several reasons why every farmer should attend one of the district meetings: (1) Many features of the present farm law will expire in 1954, (2) Falling off of farm prices and a continual rising of production costs, (3) Falling off of world trade, and (4) Large surpluses.

These meetings will all be held the evening of Sept. 29 at 8 p.m. Southeast district will meet at the Nevada School with these leaders in charge, Rollie Hite, Luther Kinsey and Mrs. Cyril Bryant. Northeast district will meet at the Eden School with David Wood, Clifford McGinnis and Henry Sneeringer in charge. Northwest district will meet at the Salem School with Harvey Savidge, Forest Wenner and L. O. Pratt in charge. The southwest district will meet at the Mifflin School with Cleo Grossman and H. D. Heckathorn as leaders.

total cost of manufacturing ammunition abroad," Russell said.

"Instead of entering this kind of a program, where we buy the ammunition they make and then give it back to them, it would be wise to encourage our allies to make their own ammunition.

"They have the manpower and materials to do it and we have been furnishing them the machines."

ing the interviews has been expected momentarily since Saturday. An official source said the commission has decided to leave up to each side whether "explanations" are made to prisoners in groups or individually.

Although Gen. Hamblen's protest was addressed to Lt. Gen. K. S. Thimayya, Indian chairman of the five-national repatriation commission, it did not specifically accuse India or any other member of responsibility for distributing the letter. The others are Sweden, Switzerland, Poland and Czechoslovakia.

Col. K. K. Hansen, a member of Hamblen's staff, said, "Great bales (of the letters) were distributed in every Chinese compound." He said some "shocked" anti-Red POWs immediately destroyed their copies, which were written in Chinese and printed on Chinese rice paper.

Variety Show, Two Dances Will Close West Town Event

A crowded schedule will mark the final three days of the West Town Jubilee. Special sales continue to dot the agenda along with two outdoor shows scheduled Tuesday and Wednesay nights.

A variety show will be presented in the parking lot of the West Town branch of the National City Bank Tuesday night beginning at 8 p.m. This will be followed by street dancing.

Wednesday night will see another round of street dancing in the lot. This will mark the close of the annual event in which 30 merchants from the west end of town participated.

First in Series of Book Reviews Slated Tuesday

The first of a series of three book reviews will be given in Marion Tuesday night by Mrs. Lloyd Beuthel of Sandusky.

Under sponsorship of the Woman's Association of the First Presbyterian Church, the event will be held in the recreation room of the church at 8 p.m.

Mrs. Beuthel's review will be of the book "Desiree."

Price of the tickets is $1.55 for the series of three or 75 cents for single admission. The reviews are open to the public and tickets can be secured from women of the church.

Man Fined, Jailed On Morals Charge

Everett O'Dell, 42, of 835½ Silver St. was fined $100 and costs today and sentenced to six months in county jail on pleading guilty in Municipal Court to a charge of indecent exposure. He was arrested Saturday and held for investigation.

Judge W. Dexter Hazen told O'Dell he could stay at the jail at nights and over the weekends and work at his regular employment during the day, if the situation could be worked out with both his employer and Sheriff Glen Obenour.

The judge said he made the provision so the man's family would not suffer too much by having the family income stopped for the period in which O'Dell was in jail.

Police reported today they had received four separate complaints about the man. He was charged with one offense.

Police Charge Conductor With Blocking Crossing

A New York Central Railroad conductor, H. T. Tigh of Columbia Station, O., was ordered into Marion Municipal Court Tuesday morning on a charge of allowing the train he was in charge of to block a railroad crossing on N. Main St.

The arresting police officer said NYC Train Number 3107 blocked the crossing for at least 40 minutes and was creating a traffic hazard.

Condition of Florida's Governor Is Critical

TALLAHASSEE, Fla. (AP)—Nearly the whole McCarty family gathered at the bedside of Gov. Dan McCarty today as his condition continued critical.

Doctors had assembled to give newsmen the morning bulletin on the governor's condition when they were suddenly called from the conference room at 9 a.m. and there was no word half an hour later.

McCarty was brought to the hospital six days ago with a slight case of pneumonia which doctors said Sunday had been largely thrown off but his heart, still ailing from a Feb. 25 attack, was seriously weakened.

Employment Level Declines In Marion Area

Layoffs brought about by order cancellations in firms producing non-electrical machinery caused a drop in Marion area employment in recent weeks, a report released this week by thes Ohio State Employment Service shows.

A survey of the 61 major industries showed 13,475 persons at work in mid-August, a drop of 260 from the July figure, although employment is substantially above August 1952 level when 12,561 were employed.

Despite employment cutbacks in some firms, the report indicates that the number of persons seeking employment through the local office of the Employment Service showed little change. Reason given for this is that most workers have secured jobs following layoffs.

On Sept. 1, about 730 persons of whom 360 were women, were hunting jobs through the Employment Service. A large number of the men were currently employed but were seeking other employment at a higher rate of pay or skill level, part-time employment to supplement their regular employment, or employment with recently located industries in the area.

Consistent with the layoffs in the area, the number of persons seeking unemployment benefits averaged 170 during August, which was an increase of 30 per week from the July figures, the report says. A year ago, about 340 persons were claiming compensation each week.

The Detroit Lions have on their roster 15 men who formerly played with other teams in pro football.

These Days

By George Sokolsky

The New York primaries may appear, to those who do not live in the metropolis, to be a Kilkenny among inferior local politicians. Actually, it is a matter of national significance, because the ADA has captured the local Democratic party while it is running another candidate on the Liberal line.

SOKOLSKY

Should Robert Wagner Jr. or Rudolph Halley be elected as mayor, the ADA will be in office It is a method of capturing the metropolis of the nation as a base for national political activity.

The ADA is an amalgam organization born out of the New Deal and sired by British Fabian socialism. Its mentor is the British Labour party. It is an amalgam of philosophic socialists who pursue the Marxism of Sidney and Beatrice Webb and George Bernard Shaw, the ideas of Thorstein Veblen together with opportunistic and demagogic seekers for public office like Franklin D Roosevelt Jr. and Herbert Lehman. Its political leader is Senator Hubert Humphrey of Minnesota.

—:—

IN THE DEMOCRATIC party, it has been a destructive force driving out of it such figures as Gov. James Byrnes of South Carolina and Sen Harry Byrd of Virginia. To a degree, it created as a political personality Adlai Stevenson, who is of uncertain political beliefs. It can be readily financed in a campaign with the funds of labor unions which are now plentiful and more available than contributions from rich individuals upon which the Republican and Democratic parties depend.

The ADA actually does not nominate candidates for public office but infiltrates existing parties. It has adopted the united front technique from the Communists. Although ADA personnel have infiltrated the Republican party, it has had small influence in that quarter; among the Democrats, it has been an effective force, particularly as Harry Truman liked to work with ot he believing that he was using them, they, sure that they were using him.

In most countries of Europe, a socialist element has developed which goes by the generic term of the "Third Force." This operates politically through a variety of socialist parties and when Dean Acheson headed the State Department, it was American policy to support this "Third Force." Generally such support was unfounded because ultimately these parties turned neutralist. In fact, in Great Britain, France, Italy and Germany, the socialist parties, all neutralist, are antagonistic to the United States.

—:—

THE ADA IS their American counterpart. The danger is not that such persons as Franklin D. Roosevelt Jr., Herbert Lehman or Hubert Humphrey may achieve office or even power by combining the Democrats with this splinter group; it is rather that wherever the socialists gain power, they pave the way for the Communists. Being a "soft" group on the left, they are readily absorbed by the hard, disciplined Communists—who, in time, kill them off, having used them first.

The peril, then, in the New York primary election is not that Robert Wagner Jr. or Rudolph Halley is a Communist. They are not Communists. They are political opportunists who unite with left wing groups for advancement, as Fiorello La Guardia joined through Vito Marcantonio with similar groups.

New York will not soon recover from the harm that La Guardia did because of this union with the forces of evil.

While it is correct that the socialists dislike the Communists, it is also correct that their quarrels are internecine and that ultimately they join on many issues under the loose term of liberalism. When, for instance, a political party is owned by a labor union, as the Liberal party is by the International Ladies Garment Workers union, the menace is as great as it would be if the Republican party were owned by the United States Steel Corp. The shadow of David Dubinsky can be as dark as that of Mark Hanna.

—:—

IT IS THIS fact that the ADA controls two of the three candidates for mayor of New York that makes this election of prime significance. Here is a group that does not organize as a political party, that appears in its own name on no ballot, but it infiltrates all parties and maneuvers for power, like a parasite, upon the bodies of long-existent institutions, that seeks power without assuming responsibility. It is the menace of the hidden hand—and the question is: Who controls the hidden hand

The demagogic opportunists would not know. Theirs but to hold jobs and to asky not why.

Inside Labor

By Victor Riesel

Heavily troubled by the bitter feud between the giants of American labor and industry, President Eisenhower will soon discover that his talents as a mediator among quarreling military men and nations abroad are useless on the home front.

RIESEL

Labor and industrial leaders have met in separate off-the-record sessions, just a week—and 1,000 miles—apart, and have decided on a showdown fight in which the President sooner or later must take sides.

ST. LOUIS: Only last Tuesday, Sept. 16, some 40 or 50 of the nation's top industrialists and their counsel met quietly in New York's Hotel Waldorf Astoria. They made up the Department of Commerce's business advisory committee. And they decided that since ex-Secretary of Labor Martin Durkin was to launch an attack upon them at the AFL convention here, they would draw up a program to preserve the Taft-Hartley Law and make it tougher, if need be in a showdown fight with labor.

—:—

THEN, SIX DAYS later, on the eve of Martin Durkin's blast, the 30-man administrative committee of the AFL's political league met in a closed dinner session in the Jefferson Hotel here. After a fiery speech by AFL Chief George Meany, the political leaders of the powerful 10,000,000-member federation decided to raise millions of dollars and start as early as Jan 1 to smash the GOP's control of Congress and the White House.

Meany slashed at many of the men around President Eisenhower and said there could not be any compromise with them. He accused Eisenhower's advisers of having developed a carefully-devised plan to contain labor. He said he disagreed sharply with some of the cabinet members, and their advisers, who were urging Eisenhower to curtail aid abroad in the fight on communism so that taxes could be cut.

He especially singled out Secretary of Commerce Weeks. Plans were then roughed out for the heaviest political campaign in AFL history, which will take considerable funds. Typical of the enmity towards the administration was the immediate on-the-spot contribution of $10,000 to the political fund by the small AFL Glass Blowers Union.

—:—

THE BASIC FUNDS for this campaign will come from the drive to collect $1 a year per man from the AFL's 10,000,000 members. As fast as this rolls in, it will be diverted to the support of Democratic senators, not only for the general election in which Republican runs against Democrat, but in 17 of the 35 senatorial districts in which there will be important primary fights in 1954. This means an actual invasion of the Democratic Party to make certain that the AFL's friends aren't eliminated before election day of '54.

Much of labor's attack on the top Republican leadership will be concentrated on Vice President Nixon and not on Gen. Eisenhower. That was obvious from Durkin's talk.

While the ex-Labor Secretary accused President Eisenhower of breaking his word on the revision of Taft-Hartley, Durkin, the plumbers union chief, resisted efforts by other New Deal officials who wanted him to charge Eisenhower with being a "prisoner" of certain big businessmen. Instead, after retelling his story, as reported in this column earlier this month, Durkin spoke well of the President's sincerity.

—:—

DURKIN'S SPEECH was read over the telephone to the White House by one of its observers here before it was delivered, right smack during a closed conference in which Ike's message to the convention was being written by men who were close to Senator Taft —now considered here as middle-of-the-roaders. These men were called in to advise the White House advisors.

But nothing they can do will head off the battle which leaves Ike in the middle until he takes a position one way or another. This fight is really on—on all fronts political and industrial.

(Post-Hall Syndicate)

ROUGH SAILING AHEAD FOR THEM. Delegates to the American Federation of Labor convention in St. Louis voted to retain these top officers (from left) George Meany, president, vice president Matthew Woll and William Schnitzler, secretary-treasurer—amid reports of a possible all-out labor war between the ousted International Longshoreman's association and a new union chartered by the convention. The AFL also backed the claim of ex-Secretary of Labor Martin Durkin that President Eisenhower broke an agreement on amendments to the Taft-Hartley law.

Mrs. Thornberry Re-elected President of WCTU in County

Mrs. Bessie Thornberry was re-elected president of the Marion County WCTU at the annual county convention Friday in Greenwood Evangelical United Brethren Church.

Named to serve with her were Mrs. L. E Stanley, first vice president; Mrs. Paul Cyders, second vice president, Mrs. Bertha Barkley, cotresponding secretary; Mrs. Belle Donaugh, treasurer; Mrs. Leona Sanderson, recording secretary.

The election and installation of officers was in charge of Mrs. C. A. Thomas, a past county president.

Guest speaker at the afternoon session was Rev. Clyde R. Wendell, pastor of Calvary EUB Church. His subject was "Always To Pray and Not To Faint."

The afternoon meeting was opened with devotions by Rev. Lynn Harris, pastor of Greenwood EUB Church. The six unions were represented, including Mary Harris Armor, Frances Willard, Florence Richards, Anna Gordon, LaRue and Kirkpatrick. Mrs. Ira Beers conducted a memorial service in memory of 14 members who died in the past year. She read a poem, "Nearer Home," and Mrs. Charles Feaver sang "Beyond the Sunset." A report was given that 414 members are enrolled in the local county WCTU.

Mrs. Thornberry will be delegate and Mrs. Stanley alternate to the state convention to be held Oct. 22-24 at Zanesville.

Devotions by Mrs. Fred Upton on the theme "Pray Without Ceasing" opened the morning session, with Mrs. Thornberry presiding. Mrs. Stanley was in charge of reports of the department directors.

Noontide prayer was offered by Mrs. Stanley, group singing was led by Mrs. Feaver, and a potluck lunch was served.

Forty-six persons were present for the day's activities.

Marion Firemen Called Out Twice on Weekend

Two fire scares routed out Marion firemen over the weekend.

At 7:26 p.m. last night firemen from the Central and W. Center St. stations were called to 529 Bartram Ave. by Eugene Christian. He told them he was working in the rear yard when he looked up and saw flames around the chimney and thought the roof was on fire Firemen said Mrs. Christian had been burning some papers in the heating stove and evidently some of the sparks and flame shot up the chimney. There was no damage.

Smoke caused by grease burning on an overheated skillet at Vichas Restaurant at 203 N. Main St. at 7 09 p.m. Saturday resulted in the other fire call Neighbors turned in the alarm when they saw smoke coming from the building. There was no damage The alarm was answered by Central and Mark St. station firemen.

New Shoes Too Tight, Fugitive Loses Race

WHITMAN, Mass. (AP)—A Concord Reformatory parolee lost a race with police yesterday and blamed it on a pair of tight new shoes.

"If I had my old shoes on, you never would have caught me," Albert Yesonis told arresting officers.

In his car police found 22 other pairs of new shoes they said were stolen in a break in a Middleboro shoe store.

Yesonis was charged with breaking and entering.

New Pipeline Completed by Ohio Fuel Gas

A $600,000 pipeline has just been completed in the area between Green Camp and Kenton, it was announced today by C. L. Baxter, Marion manager for the Ohio Fuel Gas Co.

A 17½-mile section of the long-distance pipeline between Green Camp and Lima was paralleled to provide greater capacity, Baxter said. The new transmission line is between Green Camp and a point north of Mt. Victory.

The new pipeline will improve service to Ohio Fuel customers in Ada, Alger and Mt. Victory, as well as to those in communities served by the West Ohio Gas Co. and the Lake Gas Co., such as Lima, Kenton and Lakeview. Ohio Fuel wholesale gas to the two firms.

Gas is available to homes in these areas for cooking, water heating, refrigeration, clothes drying and incineration, Baxter said However, he emphasized that present supplies will not permit removal of space heating restrictions.

The new pipeline was built by the Ohio Pipe Line Construction Co., Granville.

The two pipelines deliver gas from underground storage areas, and from out-of-state to northwest Ohio.

CINCINNATI SLAYER HUNTED

CINCINNATI (AP)—Police searched today for the killer of Glenn Luther Williams, 40, of Cincinnati, who was hit and kicked to death early yesterday near a bus station in downtown Cincinnati.

Meeting Set for School Bus Drivers in County

Some 100 school bus drivers and substitutes from Marion County schools are scheduled to meet at Pleasant School at 7:45 p.m. on Tuesday.

A representative from the Marion post of the state highway patrol will talk on operating a school bus legally and a short group discussion on emergency and first aid will follow.

Also attending the meeting will be administrators from many of the county schools.

Wyandot County's Released Prisoner Greeted by Parents

UPPER SANDUSKY — Pfc. Thomas Swinehart, son of Mr. and Mrs. Dale Swinehart of near Upper Sandusky, arrived at Columbus Airport Friday night and was met there by his parents.

Recently released in the POW exchange in Korea after more than a year in a Red prison camp, he arrived on the West Coast, from Korea Sunday, Sept. 20. Reported missing in action after he disappeared from a front line listening post, Swinehart was unable to communicate with his parents during the time of his captivity.

Release of the listing of his return in the final stages of the exchange was the first definite word received by his parents since the report a year ago that he was missing.

He was en route from the West Coast to Dayton for a complete physical checkup and further order when he arrived in Columbus late Friday for a happy reunion with his parents. When he arrived on the coast a week ago he was met by the Rev and Mrs. Walter James of Hollywood, brother-in-law and sister of his mother.

Wesleyan Service Guild Makes Plans For District Event

Discussion was held on plans for entertaining the Lima District Wesleyan Service Guild annual weekend meeting in October when the Wesleyan Service Guild of Epworth Methodist Church met Wednesday night. A pledge service preceded business.

Mrs. Edwin Cheney was hostess in her home at 315 S. Vine St., assisted by Miss Mary Heininger and Miss Elaine Ballinger. Miss Marjorie Williams presided, and the arrangements for the district meeting were presented by Miss Reta VanMeter and Miss Mary Jo Stafford after a conference with Mrs. Opal Campbell of Lima, district WSG secretary. The district meeting will be held Oct. 10 and 11 at Epworth Church, with Wesleyan Service Guilds of Prospect Street and Wesley Methodist Churches in Marion as assistant hostess groups. Overnight lodging for the delegates will be provided by members of the churches.

Following roll call on "Your Vacation," devotions were given by Miss Margaret Huffman assisted by Mrs. Mary Lockwood who sang The pledge service was in charge of Mrs. Lockwood. A report on the Lakeside School for Christian Service for girls held earlier in the year was made by Misses Alice Barkley and Helen Haughn, members of the World Friendship Group who were sponsored at the school by the Wesleyan Service Guild. Other guests included Mrs. Walter Eyster, Mrs. Charles Hudnall, and Miss Ruth Roe.

Section of Hill Street Designated One-Way

Designation of Hill St. between S. Main St. and S. State St. as one-way for eastbound traffic was announced Saturday by Marion Safety-Service Director Ralph E. Forest.

He said the one-way plan was adopted on a 90-day trial period basis. Purpose of the one-way street is for protection of school children going and coming both to Pearl St. School and Harding High School.

To aid in this protection, double yellow lines have been painted along the north side of the street to designate a sidewalk, Forest said. The street was marked as a one-way street Monday.

THE FINE CAR at *half* the fine car price

Duplicating America's costliest cars, feature after feature, Ford is worth more when you buy it . . . worth more when you sell it!

A FEW MINUTES on the telephone calling the dealers who sell America's finest cars will reveal there are at least eleven models among four makes with price tags over $4,000! In fact, dealers in one make will take an order for a beauty costing $7,000.

Now the interesting thing is that in feature after feature the Ford car duplicates each one of these fine cars, and *for less than half the fine car price!*

To be specific:

If you will look under the hood of the most expensive cars—even the one for $7,000—what do you find?

A V-8 Engine!
Well, the Ford car has a V-8, too. In fact, it has had V-8 power since 1932, and since that time Ford has built more V-8's—by *millions*—than all other manufacturers combined. And there's no other builder in Ford's price range that's seen fit to offer one yet!

Another point—though Ford's Strato-Star V-8 turns out a tidy 110 horsepower, it's not the number alone that counts. It's the *kind* of power you get out of the engine—through the transmission—that tells the story. And, what you get out of the Ford V-8 with any of the three transmission options we offer—Fordomatic, Overdrive and Conventional—is written in letters of "go" wherever there is a road.

But the engine, as fine as it is, is only one of many things that make a fine car *fine*.

There are the controls, the comfort refinements—all the things that make a car more than a piece of machinery—rather a part of *you!*

Automatic shifting, for example. All the fine cars offer it in one form or another because it's one of the things that make a fine car *fine*. But if you've never driven a Ford with Fordomatic you've missed one of the finer things of life. This amazing transmission not only does away with clutching and shifting forever—it gives you exactly the amount of power you want, when you want it—automatically. And, without delay. Some so-called automatics still require a clutch pedal and take their own sweet time to get you going. Not Fordomatic. With either the V-8 or Six, Fordomatic says "yes" when you say "go."

Fine car power steering, too. The big, heavy costly cars offer it for the same reason they offer power brakes. It's a man-sized job for a 120 pound woman to handle a car weighing two tons or more without it—especially when parking. Our "Master-Guide" has two distinct benefits.

First, it gives a hydraulic power assist right down at the wheels *and just enough to take out the work.* You don't lose one particle of control—rather your control is more complete and far easier.

Second, being hydraulic, "Master-Guide" power steering absorbs those fatiguing steering wheel tremors caused by ruts and roads in bad repair. Incidentally, this is a great safety advantage, because the car is so much easier to control in the case of a tire blow-out or hitting a soft shoulder unexpectedly. And road wander due to a cross wind is something you can forget about. *And you don't pay a fine car price for "Master-Guide."*

But there is another fine car feature—the Ford ride. Books have been written on the subject of riding quality in an automobile, but the payoff comes on the pavement—*or lack of it!* Many people associate a comfortable ride with excess weight, but it's not weight alone that makes for comfort. If it were, those big five-ton trucks which you see every day would be the most comfortable vehicles on the road.

Without being technical we can tell you that what's been done with the suspension and spring-ing system gives the Ford a softer ride, a smoother ride than many cars which tip the scales at better than an added half ton. What's more, Ford engineers have found out how to cut front end road shock up to 80%—something many of the others haven't! Even roads you'd avoid entirely in many cars become not just passable—but passable in comfort. And, when you round a curve, you do it on the level—one of the advantages of another fine car feature—Ford's wide front tread.

And speaking of ride, we'd also like to point out that all seats—front and rear—in a Ford are cushioned in foam rubber, and at *no extra cost.*

What about room? Here's an interesting point. If you've felt that only a costly car offered enough room, you just ought to sit down in a Ford even if you're out-size and six feet four! The so-called big car is bigger on the outside, to be sure, but unless you buy a limousine with those little jump seats, it's not one passenger *bigger inside.*

Every standard Ford model carries six—with the exception of the Business Coupe, and of course, the Country Sedan and Country Squire which carry eight—with ease. And, as for "baggage room"—Ford trunk compartments measure better than 26 cubic feet. That's a full suitcase larger than most cars on the road today!

Visibility is another fine car Ford feature. We say Ford cars offer "full-circle" visibility because they all have huge, curved one-piece windshields and a huge rear window to match . . . *plus* side windows that mean every passenger gets room with a view! You will enjoy the extra safety of full-circle visibility every mile you drive—the absence of "blind spots" made possible by the large glass areas and narrower corner posts.

How beautiful is a Ford? A great English poet, John Keats, once wrote "Beauty is Truth, Truth Beauty"—well, he could have been writing about our car for its beauty comes from honest, clean lines in every dimension. In fact, we think most people agree—even our competitors—that the appearance of a Ford Car leaves very little to be desired. It is "at home" wherever it goes and it goes everywhere.

So there you have it—the features and reasons that make a fine car *fine* as far as control, good looks and comfort are concerned.

But what about Ford quality? Does it too match the fine car? Is the sheet metal of the body panels as thick? Is the finish as good? How about the trim and things like that? Well, as far as we can determine, the sheet metal is identical in thickness in practically all instances. As to finish—we believe Ford's *baked-on* enamel has no equal in any car. Ford upholstery fabrics and trim are less costly, to be sure, but they're less delicate, too, and if anything, more durable.

How then is it possible to give you this fine car at half the fine car price?

Part of the answer lies in Ford manufacturing skills and knowledge as evidenced by the V-8 engine. Part of it comes from the ever increasing numbers of cars Ford produces and the economies they make possible. And, part of it comes from Ford's willingness to give greater values than might be expected in cars selling in Ford's price range. That's the Ford idea.

Summing up. All these things add up to a fact that a prudent man cannot overlook. Ford Cars are not only worth more when you buy—but also worth more when you sell, as proved by the prices Ford used cars bring in the used car markets throughout the country.

No wonder Ford is proving to be America's *finest* fine-car buy!

Snake Bite Is Treated By Cortisone and ACTH

CHICAGO (UP)—Cortisone and ACTH have proved of value in the treatment of snake bite poisoning, according to an article in the Journal of the American Medical Association

A report on three cases was made by Drs William W. Hoback and Thomas W Green of the Clinch Valley Clinic Hospitals, Richlands, Va

They told of three children bitten by poisonous snakes Each recovered after cortisone or ACTH therapy, in addition to standard treatment

In each case, the doctors said, the swelling, pain and high temperatures resulting from the bites subsided within a few hours, and recovery occurred within a few days.

The word equinox, referring to the spring and fall is from the Latin meaning "equal night"

Princeton Grad Students Fight Dean's Order

PRINCETON, N J (AP)—Thirty Princeton University graduate students are putting up a fight for democracy and the un-soupy sleeve

The recalcitrant 30 are refusing to wear academic gowns to dinner The Graduate School revived a tradition of wearing the gowns to dinner

But the rebels say the gowns are uncomfortable and that the long, flowing sleeves have a tendency to drag through soup, mashed potatoes and other edibles They also charge that a poll of the Graduate School's students last spring showed they were opposed to the gowns 2-1

So the 3 eat in a side room at Proctor Hall while their 180 conforming brothers eat in the main dining hall.

Hugh Stott Taylor dean of the Graduate College, says he will not budge from the rule

Taylor said the gowns are "aesthetically pleasing"

As for democracy, he said Some things aren't decided by vote For example, women aren't allowed in the dining hall but I am sure if it were put to a student vote they would all be for it"

Orange-Apple Pie Is Different and Delicious

A pleasant reminder of childhood days at Grandmother's house is the sight and aroma of deep dish pie! And this generation will love it just as you did, if you give them a taste! Fresh oranges combined with apples and spices makes this one of the most mouth-watering combinations you've made in ages. The recipe makes enough for eight generous servings: 3 medium California oranges, 4-6 medium apples, 2-3 cup sugar, ¼ cup flour, 1 cup brown sugar, ½ teaspoon nutmeg, ½ teaspoon cinnamon, ¾ teaspoon allspice, ½ tablespoon grated organge peel, 2 teaspoons grated lemon peel, 3 tablespoons margarine or butter.

Peel oranges, quarter and slice thin crosswise. Pare and quarter apples; cut into thin slices. Combine sugar, flour, brown sugar, spices, and grated peels. Line a 10x6 inch baking dish with pastry. Arrange alternate layers of apple and orange in dish, sprinkling each layer with sugar mixture and dotting with butter or margarine. Cover with top crust and flute edges. Bake in hot oven (425 F.) for 15 minutes; reduce heat to 350 F. and continue baking for 40 to 45 minutes. Serves 8.

Epworth Circle Seats Officers at Ceremony

TAKE LAST TRAIN RIDIE

CLEVELAND (AP) — A crowd of about 8,000 watched the last train roll out of the ancient Pennsylvania Railroad station on the lakefront yesterday afternoon. On board were 2,500 persons, jammed into 10 old cars designed to seat only 70 each. Packed shoulder-to-shoulder they rode the souvenir train on an eight-minute ride to the East 55th Street Station, which now becomes the only Pennsy terminal here. Ticket clerks said they sold 2,700 of the 20-cent tickets.

IN THE SERVICE

Kenneth D. Briggs, aviation ordnanceman third class, USN, of near Shiloh, is serving with Fighter Squadron 81 aboard the attack aircraft carrier USS Coral Sea in the Mediterranean. He is the son of Mr. and Mrs. Dwight Briggs. The squadron operates the Navy's "Panther" jets, part of the flattop's air striking forces. One of the three largest carriers in the world, the Coral Sea is operating in the Mediteranean with the U. S. Sixth Fleet. During its cruise, the carrier has visited ports in Italy, France, Spain, Greece and Algeria.

Pvt. Myron W. Taylor, 23, son of Mr. and Mrs. Tolford Taylor of 265 S. Seffner Ave., recently joined the 2nd Infantry Division in Korea. He entered the Army last February and completed his basic training at Indiantown Gap, Pa. A 1947 graduate from North Central College at Naperville, Ill., with a Bachelor of Arts degree in 1951. Prior to entering the service he had attended graduate school at Ohio State University and obtained his master of arts degree. He was working toward his doctor's degree.

Pvt. Clifford A. Gantz of near Marengo recently began 16 weeks of basic training in the Antiaircraft Artillery Replacement Training Center at Ft. Bliss, Tex. He is the son of Wesley Gantz.

Marion and Galion cadets were recently appointed cadet corporals at the U. S. Military Academy at West Point, N. Y. They were D. B. Geran, son of Mrs. George T. Geran of 574 E. Center St., and John H. Karnes, son of Mrs. E. Karnes of Galion and W. R. Karnes of Oakland, Calif. Rank in the Corps of Cadets is based upon military efficiency and the individual's aptitude for the military service.

Pvt. Robert N. Heil, whose wife, Marjorie, and parents, Mr. and Mrs. Dale Heil, reside near Kenton, recently arrived in Korea for duty with IX Corps. The corps, one of three in Korea, provides tactical strategy, administrative services and specialized support for the combat divisions under its control. A communications man in Battery A of the 235th Field Artillery Observation Battalion, Heil entered the Army in January and was last stationed at Camp Rucker, Ala. He graduated from Kenton High School and was engaged in farming before entering the Army.

WIN CAP AIR MEET

AKRON, Ohio (AP)—Canton-Massillon Squadron 407 won the Col. Harry A. Webb Trophy at Mid City Airport near Hudson yesterday in a competition of 20 planes from five northeastern Ohio Civil Air Patrol squadrons. Lt. Roy Broberg of the Jeferson squad, which finished second, was the only pilot to come in on the line in a 180-degree spot landing event.

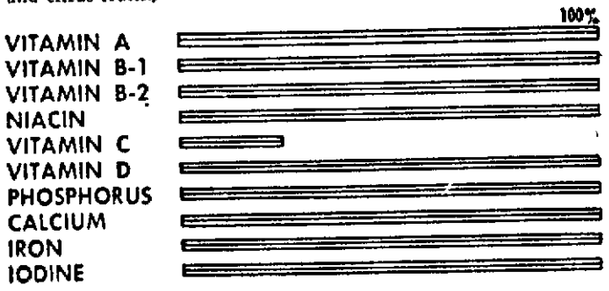
Now . . . Borden scientists have enabled us to fortify pure fresh milk with extra amounts of these vital nutrients. This is the biggest milk news since the discovery of pasteurization—and the most interesting nutrition story in many years. You know how important vitamins and minerals are to your health. Now, for the first time, you can get *extra vitamin-mineral protection* in a single food! Just one quart of Gail Borden Milk—either whole or skimmed—brings you the minimum adult daily requirements of the 9 most important vitamins and minerals—*at very low cost!*

This chart tells the story
Here is shown in chart form just how Gail Borden Milk meets your dietary needs. The chart shows the percent of the minimum adult daily requirements of vitamins and minerals — according to U.S. Food & Drug Adm. standards — supplied by one quart of Gail Borden Whole or Skimmed Milk. (Vitamin C is not added because it is not stable. C is found abundantly in tomatoes and citrus fruits.)



Ask your doctor! If your doctor thinks there is a possibility that you're not getting enough vitamins and minerals, ask him about Gail Borden Milk.

Both kinds of Gail Borden Milk delivered — or at your store

Two kinds of Gail Borden . . . one of them just for you

For most persons . . .
Gail Borden Whole Milk
This is pure, whole milk . . . produced under ideal conditions . . . and especially guarded all the way from Borden-inspected farms to you. It is perfectly homogenized for even flavor, for uniform richness, and for easy digestability.
We all know how important vitamins and minerals are — but usually we go on eating what we like. That's why Gail Borden can be so valuable . . . because most everyone likes milk. And though you may not drink an entire quart every day — what you do drink gives you that much *extra* protection.
The fortification with extra vitamins and minerals *does not change the flavor* of Gail Borden Milk in any way whatever! As far as taste is concerned, Gail Borden is just pure, fresh homogenized milk. But what a difference when it comes to nutrition . . . because it can be your *extra* margin of protection!

For people on diets . . .
Gail Borden Skimmed Milk
Persons on a diet should be especially careful to get plenty of vitamins, minerals and proteins. When the total food intake is reduced, it becomes more difficult than ever to get enough of these "protective" dietary factors — yet the need for them remains the same, whether you are dieting or not.
Gail Borden Skimmed Milk solves this difficulty! One quart contains only 421 calories . . . but contains 100% of the daily minimum needs of nine out of ten vitamins and minerals. Because it contains added non-fat milk solids, it is extra high in protein, too. And another important fact is that Gail Borden tastes good — not at all like ordinary "skim"!
With Gail Borden Skimmed Milk, you can lose weight — safely! First, of course, get the advice of your doctor. Then use Gail Borden to help you plan a safe low calorie diet!

Union Seeks Contract With U.S. Rubber Co.

CINCINNATI (AP)—More negotiations were scheduled today in the long search for a new wage agreement acceptable to the United States Rubber Co., and the CIO Rubber Workers Union.

A walkout affecting 35,000 employes in 19 plants was averted last night when the contract was extended for 24 hours.

Cautious optimism was raised in both camps that an agreement could be reached today.

In recent negotiation history, terms of proposal and counter-proposals are not made public. This continued true for the 1953 sessions which have dragged on for many weeks.

When agreement is reached, the terms will be made public, union and company officials said.

Accidental Shooting Fatal to Ohio Sailor

SAN DIEGO, Calif. (AP)—A Newark, Ohio, sailor apparently shot and killed himself accidentally while on watch Saturday night, the Navy reported.

Richard E. Tripp, 22, seaman, was found dead with a bullet in the head seven minutes after taking his post at Ream Field—a Navy air facility south of San Diego. His .45 caliber pistol was nearby.

Besides his parents, Mr. and Mrs. James E. Tripp of 867 Idlewild St., Newark, he leaves his widow and two children at suburban National City. Tripp was attached to a helicopter squadron

GETTING OWN LICENSE

ADA, Ohio (AP)—William Gillespie didn't like having to hire a pharmacist for his Caldwell (Noble County) drugstore. So at the age of 44, he's a freshman at Ohio Northern University, majoring in pharmacy.

The Sierra Nevada forms the eastern boundary of Kings Canyon National Park, California.

Benson Orders Cattle Prices Investigated

WASHINGTON (AP) — Secretary of Agriculture Benson has ordered an investigation to find out whether there is a "widening of the spread between prices farmers receive for their cattle and the cost of these at retail."

"Farmers of America are entitled to know if ther is truth to the charge that margins are excessive," Benson said Saturday night in announcing he had instructed department experts to make a study and report quickly to him.

Benson said he had received a number of reports, from members of Congress and others, that there is a growing spread between the price the farmer gets and the price the housewife pays for beef.

In Chicago, the American Meat Institute said in a statement:

"Some critics unfortunately have clouded the facts by comparing prices paid for low grade cattle and cows with the retail price of choice steak cut from top quality, finished, grain-fed steers. Such mixed-up reasoning is like comparing prices of wild field daisies with cultivated hot house orchids."

Benson noted that the government's latest cost of living index reflected a six per cent jump in the price of beef and veal from July to August, and he said it came at a time of abundant supplies and generally low cattle prices.

Trio Accused in $1,600 Robbery of Ohio Man

LEXINGTON, Ky. (AP) — Three men face charges of robbing a Portsmouth, Ohio, man of more than $1,600 after the Kentucky-Texas A&M football game Sept. 19.

Clarence Fielding Harrell, 27, Middlesboro, Ky., was arrested Saturday. Curtis B. Adams, 25, and Melvin R. Howard 27, both of Harlan, Ky., were arrested earlier.

George B. Ehrman, Portsmouth, said he was robbed by five men who drove him out in the country after inviting him to a party.

Britain, Egypt Near Accord On Suez Pact

Naguib Source Says Big Hurdle Overcome Over Evacuation

CAIRO, Egypt (AP)—A high Egyptian official said today Egypt and Britain "have reached agreement in principle" providing for the evacuation of the strategic British Suez base within 18 months.

The informant said the last Major hurdle was overcome when Britain accepted Egypt's demand that the huge base become available to Britain and the West in th future only "in case of attack on or war against one of the Arab states." These would include the eight members of the Arab league: Egypt, Iraq, Saudi Arabia, Syria, Lebanon, Jordan, Yemen and Libya.

The source said minor points still to be threshed out were the periods during which the British experts are to remain in the base. He said Britain wants some of her experts to stay in the Suez area, training the Egyptians to operate the base for seven years, while Egypt insisted they remain for six years only.

The informant gave the following outline of the points agreed upon:

1. British troops—estimated to number 80,000—will evacuate the base within a period of 18 months from the signing of the agreement.

2. Four thousand British experts will remain in the base for three years following the 18 - month period. They will be under the command of the Egyptian army commander in chief, who will be assisted by a British adviser.

3. Britain will not remove any equipment from or dismantle any installation in the base during the whole period in which the experts remain.

Points of disagreement were listed as:

1. Britain wants to keep 3,000 experts for two and a half years after the three-year period already agreed upon, making a total period of continued British presence of seven years. Egypt wants "a few hundred experts only" to remain in the base after the three - year period for an addition one and a half years only, a total occupation period of six years.

2. Britain wants her experts to wear uniforms. Egypt insists they must wear civilian clothes.

Japs Set Typhoon Toll at 276 Dead

TOKYO (AP)—The typhoon that hit Japan Friday killed 276 persons, left 323 missing and injured 993, Japanese national police headquarters said today.

Freedom Award To Be Given Truman Tonight

NEW YORK (AP)—Former President Truman is here to receive the annual Four Freedoms Awards at a dinner tonight at the Waldorf-Astoria Hotel.

The award is given by the Four Freedoms Foundation, which was set up to further four freedoms first enunciated by the late President Franklin D. Roosevelt—freedom of speech, freedom of religion, freedom from want and freedom from fear.

Replacing Water Main Progressing in Bucyrus

BUCYRUS — Replacement of an old wooden water main with a 12-inch abestos cement pipe is underway in Bucyrus' business district. The new line is being laid a distance of two blocks from Washington square to Mary St. on N. Sandusky Ave., the city's main north-south thoroughfare.

The project is expected to be completed in about four weeks if there is no bad weather, Waterworks Supt Roy Riley said today

Minneapolis City Hall Gun Battle Probed

MINNEAPOLIS (AP) — An ex-convict who posed as an Army investigator and set off a running gun battle in the City Hall when police questioned him claimed last night he remembered nothing of events leading to the shooting.

Detective Capt Eugene Bernath said the man, critically wounded in the fray Saturday, is Frederick J. Byrnes, 45, formerly of Minneapolis and Los Angeles.

From his bed in the psychiatric ward at General Hospital, Byrnes told police, "I have no recollection of what happened." He told Bernath he had been drinking Saturday afternoon and didn't recall anything up to the point where 'people were shooting at me."

Bernath said Byrnes has a long police record, having served time once in San Quentin Prison for impersonating an Army officer. It was a similar impersonation which brought the shooting here Saturday night, after police had determined his credentials as an Army investigator were fake.

Detectives fired about 20 shots at the man as he raced through a hallway and out into the street, with three shots striking him. He fired seven times at the officers, but all missed. He was captured after a car in which he tried to flee had a flat tire.

Officers said he could offer no reason for the impersonation.

Our office proudly announces a new service, which we extend to all of our friends, whether we write your insurance or not.

Earl J. Andrews

We have long thought that the present method of renewing driver's licenses is a big help for those dispensing the licenses, but is somewhat confusing for those who must be sure to remember to have it done on their birthday every third year.

This is the year, 1953-54, when most of us will need new licenses, and no doubt many will forget it in spite of notices in the paper and announcements on radio and television. Our office is pretty well geared for "reminding" people about their insurance, so we have decided to offer a service whereby we can remind you when your driver's license expires. All you have to do is send us your birthday date when your license will expire—for most people it will be your next birthday after this September 30th. For some, who have gotten their license sometime within the last three years, it will likly be next year or the following year. Whatever the date, just call us or write us a card and we will include your name in our file, and send you a reminder on the date you give us. Our phone is 2-3127.

American League Turns Down Browns' Shift to Baltimore

St. Mary Upsets Favored Lima St. Rose Squad 7-0

Irish Score Early, Depend On Tight Defensive Play

By JOHN SHORT

St. Mary battled its way to a 7-0 win over a favored Lima St. Rose grid team Saturday night at Harding Stadium. It was the second straight win for Ray Robbins' Irish.

Playing without the services of their first-string quarterback, Roger Michell, the Irish were given little chance of dumping the all-veteran Lima squad before the game. However, Larry Ryan moved up from his regular fullback slot to take over the signal-calling and guided his mates to the win.

Begin Early

The Irish began rolling at the opening kickoff. Putting the ball in play at their own 26, the winners drove to the midfield stripe in four plays. From there Mike Anderson tossed a pass to Pat O'Connor who gathered it in at the 30 and powered his way to the 21. A bad pitchout and a fumble moved the Irish back to the 30 yard line where with a fourth down, the St. Rose team made its fatal mistake.

Going for the score, Ryan heaved a pass toward O'Connor. The fourth down attempt was short and Lima's Gene Reaman intercepted at the 11 instead of allowing it to fall. Ron Bonano and Don Hullinger could pick up only four yards in three cracks at the St. Mary line and Ernie Bonano was forced to kick from the nine-yard marker.

John Messenger took the kick at the 50 and returned to the Lima 42. Ryan took over at that point and guided the Irish to their only score. Kilbury picked up five and a roughing penalty carried to the 21. Ryan picked up another eight and Anderson plunged to the nine. Ryan plowed over on a jaunt around right end.

Ballenger Converts

Jerry Ballenger split the uprights but a holding penalty against St. Mary moved the ball to the 17. Anderson moved to the 23 from where Ballenger came through with another kick which would have put Lou Groza to shame.

From that point until the half, the St. Mary line took over to keep the Lima team bottled up in its own territory. A fumble at the 15 yard stripe early in the second period thwarted an apparent touchdown drive for Robbins' team. St. Rose managed to get out to its own 47 at one point but Chuck Mitchell intercepted a Klaus aerial to stop the drive. Late in the period, Messenger pulled in another of Klaus' throws to stop Lima at the 45.

A 47-yard kick to the St. Mary 10 by Don Hullinger put the Irish in a hole early in the second half and most of the third and fourth periods were played in Irish territory.

Hullinger plunged to the 16 at one time but Pat O'Connor recoved a fumble for the Irish. On another series of downs, Hullinger plunged to the 15 but Mitchell recovered a free ball to stall the drive.

Lovers Threaten

With five minutes to go, the Irish defenders allowed the visitors to drive to the 20 where with fourth down, Ron Bonano threw to Tom Cunningham. The end was behind the defense but Bonano's pass was over the end zone to stop that drive. A fumble and a clipping penalty forced the Irish to kick with three minutes to go. With the ball on the 49 Klaus hit Mel Williams with a pass at the 39 and then plunged for a first down at the 36. Ryan and Ed Quinn stopped Ernie Bonano at the 34 but Hullinger plowed for 13 before Quinn dumped him at the 13 with a minute to play.

Messenger ended it all on the next play when he intercepted Klaus' pass at the three and scooted back to the 10. Ryan played out the clock with quarterback sneaks.

The Bird-McGinnis Drum and Bugle Corps entertained the 900-odd fans at the half. It presented the same routine unsed at the state Legion competition last summer in Cleveland. The group was scheduled to play for the flag raising before the game but was held up by a train while marching from St. Mary to the stadium.

—:—

Mike Anderson made his first start of the season for the Irish and performed in mid-season style. He and Messenger were top ground gainers. John carried the ball eight times for 44 yards and a 5½-yard average. Mike picked up 40 yards in 10 carries for a four-yard average.

—:—

Ed Quinn, Dick Mounts, Bob Campton and Chuck Mitchell spearheaded the winners' defense. Despite the hard play the locals escaped with only the expected bumps and bruises.

—:—

Most of the fans were convinced the 7-0 lead at the half wouldn't hold up. Coach Ray Robbins appeared confident, however. Only the closing minutes when Lima was knocking at the door did Ray appear upset.

MSC To Meet Minnesota in Big Ten Action

CHICAGO —(AP)—Michigan State will get into the Big Ten's deeper water Saturday, meeting Minnesota at Minneapolis in the only conference game.

The Spartans made their debut in Big Ten football competiton a success last week with a 21-7 triumph over the Iowa Hawkeyes who put up a great battle for three quarters.

Minnesota, figured for a first division berth in pre-season rankings, may be more troublesome, especially after losing its opener at Southern California 17-7.

Michigan State will be favored to defeat the Gophers, run its winning streak to 26 games and become the first Big Ten team to register two league victories this season.

Other games pit conference teams against intersectional or traditional rivals.

Purdue, humbled 14-7 by Missouri, will entertain Notre Dame's Fighting Irish, who opened with an impressive 28-21 decision at Oklahoma.

Northwestern, buoyed by a 35-0 shellacking of weak Iowa State, is host to Army. Illinois, scoring twice in the last quarter to tie Nebraska 21-21, is host to Stanford.

Ohio State, a top-ranking title favorite which crushed Indiana 36-12, takes on California at Berkeley. Michigan, groomed for a title-contending role by smashing Washington 50-0, is host to Tulane.

Iowa is home to Washington State and Marquette's upset - feverish Hilltoppers, with two victories under their belt, invade Wisconsin.

The Badgers opened with a 20-0 triumph over Penn State.

Indiana starts the Big Ten football week Friday night against Southern California at Los Angeles.

Woodling, Carl Furillo Ready To Play Series

NEW YORK (AP)—Carl Furillo of Brooklyn and Gene Woodling of the New York Yankees, injured World Series outfield regulars, expect to be ready for the opening game Wednesday at Yankee Stadium.

Furillo took batting practice Saturday night at Philadelphia for the first time since he broke a finger in a fist fight with Leo Durocher Sept. 6.

"I'll be ready," he said. "It hurt a little, but not much. I was favoring my hand a little but I've got time to get set. I'll be okay. Don't worry about me."

Furillo used a sponge in the sensitive portion of his left hand while he swung at th etosses of Erv Palica and Joe Black. He had to confine himself to pepper practice yesterday because a threat of rain eliminated the regular batting drill.

Although benched for three weeks, Furillo won the league batting title with .344 as a late surge by Red Schoendienst of the Cardinals fell two points short.

The Dodgers were scheduled to work out at Yankee Stadium this afternoon following a morning practice session by the Yanks. The Brooks were due to limber up at Ebbets Field Tuesday with the Yanks taking it easy while the stadium turf was prepared for the big series.

Woodling has played since he hurt his left hand by banging into the railing while making a catch. But his hand is swollen and sensitive, making it painful to grip a bat. Gene worked out yesterday before the Yanks' final game using a sponge taped to his bat. He hit the ball hard.

Major League Attendance Off

NEW YORK (AP)—Major league baseball attendance fell off for the fifth straight year although there was an increase in the National League thanks to the record turnout at Milwaukee.

A check of the records after the season's final games yesterday showed the 16 clubs drew a total of 14,393,145, a drop of 239,899 from the 1952 attendance of 14,633,044.

The National League's figures were boosted over a million by Milwaukee, which drew 1,826,397 for a new league record and more than a million and a half over the Braves attendance last year at Boston. Only the champion Dodgers, in addition to the Braves, showed an increase over 1952. Brooklyn was up more than 70,000.

The American League fell off 1,317,467 with all clubs under last year's figures.

IRISH WHIP OKLAHOMA 28 TO 21. Jack Ging crashes through for Oklahoma's second touchdown against Notre Dame in a hard fought contest which ended in defeat for the Sooners. It was the second victory in a row over Oklahoma for the Fighting Irish, who clinched their win when they scored twice in the third quarter, breaking a 14-14 deadlock. A sellout crowd of 59,500 saw the Sooners drop their first home game in 26 at Owen Field in Norman, Okla.

Baseball Races End

AL Champions Miss in Bid For 100 Victories, Take 99

By BEN PHLEGAR
AP Sports Writer

Baseball 1953 produced a pair of short-priced pennant winners and a host of long-shot individual champions.

The New York Yankees and Brooklyn Dodgers so clearly outclassed their opposition that a 10-year-old child who couldn't pick the winners by early June should have been chastised.

The Yanks, winning a record-breaking fifth straight crown, led for all but nine days of the season. They finished 8½ games ahead of the Cleveland Indians.

Brooklyn clinched its second successive flag, unique in Dodger history, on Sept. 12, earliest date in league history. The Dodgers ended 13 games in front of the surprising Milwaukee Braves.

But the individual winners, particularly the batting champions, rarely figured in preseason calculations.

Carl Furillo of the Brooklyn Dodgers, who during the winter gambled his major league career on a delicate eye operation to improve his vision, won the National League batting title with an excellent .344 average. A year ago he hit a weak .243.

And in the American League Mickey Vernon of Washington, whose 1946 batting crown was viewed by many as more luck than skill, jumped from .251 last season to .337, one point ahead of Al Rosen of Cleveland. It was the first time since 1946 that Vernon has hit over .300.

Eddie Mathews of the Braves, last year's top strikeout victim, clouted 47 home runs for the National League title. No other second year man ever hit as many.

Rosen won both the homer and runs-batted-in crowns in the American League. He hit 43 home runs, 15 more than last year, and drove home 145 runs. His desperate try to add the batting title failed by a single step. Needing one more hit to win, he apparently beat out an infield hit in his last time at bat. But his last-second jump missed first base and he was out.

Roy Campanella of the Dodgers broke almost every record available for a catcher, both offensively and defensively. His 142 runs batted in gave him the National League title.

In the pitching department the most impressive winners were Warren Spahn of the Braves, who won 23 while losing only 7, and Bob Porterfield of Washington with a 22-10 record. Robin Roberts won more than 20 games for the fourth straight year, finishing with a 23-16 mark after a rough final six weeks. Carl Erskine of Brooklyn and rookie Harvey Haddix of St. Louis were the National League's other 20-20-game winners. In the American, Bob Lemon of Cleveland, Virgil Trucks of Chicago and Mel Parnell of Boston hit the 20-game circle. Lemon won 21.

It was a poor year for last year's stars. Bobby Shantz of the Athletics, last year's Most Valuable Player in the American League, was plagued by serious arm trouble. He won only five games and lost nine after a brilliant 1952 season when he won 24. Hank Sauer of the Cubs, the National League's MVP, also courted injuries most of the year. He batted only .263, hit 19 home runs and batted in 60.

Harry Byrd of Philadelphia, selected as the American League's Rookie of 1952, was the circuit's only 20-game loser this season. Joe Black of Brooklyn, the National League star rookie, also found it rough. He won six and lost three but never approached the effectiveness he showed a year ago.

Major league attendance fell off almost a quarter of a million from 1952. The drop would have been much more serious except for the tremendous reception given major league ball in Milwaukee. The Braves set a National League record by drawing 1,826,397 fans. The only other club to gain was Brooklyn. The total was 14,393,145 for both leagues.

An 8-2 final-day triumph over Philadelphia enabled the Dodgers to break an all-time Brooklyn club record with 105 victories. The Yankees, who had figured to win 100, missed by one when they bowed 2-1 to Boston. A scheduled second game was canceled because of darkness.

In other last-day games Detroit beat Cleveland 7-3, Chicago edged the St. Louis Browns 2-1 in 11 innings and Philadelphia whipped the Senators 9-2. In the National League Milwaukee defeated Cincinnati 8-2, Chicago shaded the St. Louis Cardinals 3-2 and Pittsburgh whipped the Giants 6-4.

Boudreau Signs Two-Year Pact

BOSTON (AP)—Lou Boudreau, the major leagues' second youngest manager at 36, has been rewarded with a new two-year contract for having his Boston Red (Bobby) Sox finish in fourth place in the American League with 84 victories and 69 defeats.

Boudreau announced he had signed through the 1955 season in New York yesterday after his youthful team finished its season by defeating the pennant-winning Yankees, 2-1.

Admitting he was given a salary boost by owner Tom Yawkey, Boudreau advised writers:

"You fellows have been too high in your estimates of my salary. It is not as high as $60,000."

Misses by Inches

Extra Step Costs Rosen AL Triple Batting Crown

CLEVELAND (AP) — Al Rosen missed the league's triple batting crown by literally a couple of inches. But, he said, he's glad Umpire Hank Soar noticed those couple of inches and called him out.

The Cleveland Indians' slugging third baseman, league leader in homers and runs-batted-in, came to bat in the ninth inning yesterday needing ahit to edge Washington's Mickey Vernon for the batting championship.

Rosen fouled off four pitches by Detroit's Al Aber before rapping a slow grounder which Jerry Priddy fielded deep at third. Rosen lengthened his stride, but the foot he hoped would touch the bag, spiked the dirt just a couple inches short. By the time his other foot punched the sack in a shortened step, the first baseman had the throw.

Most of the 9,479 fans thought Rosen was safe, but Umpire Soar waved him out, ending the game.

"I missed the bag," Rosen said. "I had to take one extra step, and that did it."

A single in the first, double in the third and safe hunt in the seventh lifted Rosen's average to .3355. If first base had been just about two inches closer on that ninth-inning dash, Rosen would have averaged .33722 to Vernon's final .33717.

The dramatic bid of Rosen for the triple batting crown overshadowed other action of the season's final game which the Tigers won 7-3. Bob Feller, seeking the 250th victory of his career, was the loser, giving up eight hits and all the Tigers' runs in seven innings. The loss made Feller's 1953 record 10-7.

A two-run homer by Ray Boone in the first inning put the Tribe behind.

Aber got Larry Doby three times in a row on strikeouts, to make Doby's season total 121 — a new league record, bettering by one the mark Gus Williams of the St.Louis Browns set in 1914.

The final game raised the Tribe's home attendance to 1,069,176, compared with 1,444, 607 last season and the lowest since the gate here first passed the million mark in 1946 with 1,057,289.

Redlegs Drop Finale 8-2 to Braves' Spahn

CINCINNATI (AP)—More than 8,000 fans watched the Cincinnati Redlegs close the 1953 season yesterday with an 8-2 loss to the Milwaukee Braves.

Boby Adams singled in the first inning and rounded the bases on Wally Post's safety and Ted Kluszewski's grounder. Rocky Bridges was the last Redleg of 1953 to score, getting on base on a fly and advancing on a sacrifice and a smash through Eddie Mathews in the second.

Warren Spahn, posting his 23rd win, settled down after that and his teammates rallied for 4 runs in the fourth and 2 in both the fifth and sixth. Fred Baczewski was the losing pitcher.

The club batted .261, an increase of 11 percentage points over the 1952 season. The home run department sizzled with new records. The Redlegs slammed 166 circuit blows, 56 more than the previous team record of 110 set in 1938.

Ted Kluszewski led the parade with 40, followed by Gus Bell's 30, Jim Greengrass' 20, Andy Seminick's 19, and Willard Marshall's 17.

Big Ted knocked in 108 runs and earned a batting average of .316, ninth high in the llague's batsman derby. His total base production equalled the record of 325 set by J. Bentley Seymour in 1905.

Crestline Man Is Held On Auto Theft Charge

Special to The Star

BUCYRUS—Ernest Lee Thomas, 21, of Crestline, has been held to the Crawford County grand jury on an auto theft charge and is being held in the county jail here under $1,000 bond, Sheriff E. E. Jacobs reported today.

Thomas is charged with stealing a car belonging to Orville T. Lash of Tiro while it was parked in front of the Veterans of Foreign Wars' home in Crestline last Thursday night. He was apprehended by state highway patrolmen after he drove the stolen car into a utility pole in Bucyrus.

Yankees' Webb Holds Out for Spot on Coast

NEW YORK (AP) — The impoverished St. Louis Browns, denied permission to transfer to Baltimore, are still in St. Louis today but the club appears headed for the West Coast by 1955.

Vice President Del Webb of the New York Yankees, leader in yesterday's successful fight against Baltimore—that city's second effort in six months—is prepared to lead the way westward with Los Angeles the preferred spot.

Webb was one of four American League club owners who told Brownie President Bill Veeck that for the time being he must stay in St. Louis, where he lost upwards of three-quarters of a million dollars in 2½ seasons.

The vote was four in favor of moving to Baltimore and four against. The Browns thus fell two short of the necessary two-thirds majority. A breakdown of the secret ballot was not announced but it was learned that Philadelphia, Boston and Cleveland sided with New York against the move. Cleveland was one of the two clubs which voted for Veeck last March when he first sought permission to move to the Maryland city.

The league's decision proved a crushing blow for both Veeck and the Baltimore delegation.

Webb and Vice President Calvin Griffith of Washington said Veeck announced at the meeting he would sell the Browns to a St. Louis syndicate seeking the club, but Veeck denied this.

"I don't know what I'm going to do," Veeck said immediately following the meeting.

Later, after he had discussed the matter with his associates, Veeck appeared even more bitter than ever.

"This is personal," he said. "They're trying to squeeze me out of baseball. I'll decide what to do by tomorrow morning. I may do something that could be called regrettable."

Veeck declined to disclose his plans but Rudy Schaeffer, general manager of the Browns, said:

"The next step could be a law suit. We may bring a two million dollar suit against the league for the stock that has been subscribed by the people of Baltimore and damages for commitments made."

Webb championed the bid of a Los Angeles group headed by Mayor Norris Poulson. This delegation put up a cash offer of 2½ million dollars for the franchise and said up to six million could be raised within 10 days.

"Expansion of major league baseball to the West Coast is inevitable," Webb said. "I am a Westerner and therefore I know better than the other owners what a great potential Los Angeles and San Francisco have.

"This is not a personal ambition. I am not thinking of myself or the Yankees. I have the best interests of the American League at heart. We've got to move to the coast—and real soon. If we don't, then the National League will beat us to it."

Six Men To Clash In Armory Match

A six-man battle royal was announced for the Thursday night wrestling program here by Promoter Les Fishbaugh.

Taking part in the match are Paul Orth, Sandro Fozo, Mike McGee Dick Torio, Jim Lewis and Mr. Satan.

First two grapplers to lose will be out of the match. The next two losers will appear in the semi-final, a 60-minute, two-out-of three fall match. In the main event, a 60-minute, best two-out-of-three fall match, the two remaining wrestlers will combat.

Action will begin at 8:30 p.m.

Fred Haney To Return As Pittsburgh Skipper

PITTSBURGH (AP)—Fred Haney, who had one of the most difficult jobs in baseball the past season, will manage the Pittsburgh Pirates again next year.

With hardly a flicker of his famed eyebrows, General Manager Branch Rickey handed the 55-year old ex-Pacific Coast League pilot another one year contract last night. Terms were not disclosed but were figured to be around $55,000.

Trabert Wins Title

BERKELEY, Calif. (AP) — Cincinnati's polished Tony Trabert convincingly won the Pacific Coast Men's Tennis Championship yesterday, defeating Vic Seixas, his Davis Cup partner, 7-5, 6-3, 6-2.

San Diego's Maureen Connelly won the women's title in a tough battle with Shirley Fry of Akron, Ohio, 6-0, 9-7.

Graham Sparks Grid Brownies to Win

Passing Attack Defeats Green Bay Packers 27-0

CLEVELAND (AP)—The Cleveland Browns had the only uncrossed goal line in the National Professional Football League today after openers that saw three of the six Eastern Conference teams bow to Western Conference foes.

On sharp passing by quarterback Otto Graham, the Browns scored an easy 27-0 victory over the Green Bay Packers of the Western Conference. At the same time, the two Eastern Conference clubs expected to be the Browns' chief rivals for the divisional crown, were losing to opponents from the western loop—Philadelphia to San Francisco 31-21, and New York to Los Angeles 21-7. Baltimore edged the Chicago Bears 13-9.

The Washington Redskins, along with the Browns the only Eastern Conference team to win, handed a 24-13 defeat to the Chicago Cardinals whom the Browns meet at Chicago next Sunday. The champion Detroit Lions whipped Pittsburgh's Steelers 38-21.

Graham connected on 18 of 24 passes for 292 yards, while the Browns' pass defense limited Green Bay's aerial gains to only 66 yards, the result of eight completions in 27 tries.

The halfbacks rather than the ends handled most of the Browns' receiving. Thirteen of Otto's 18 completions went to Dub Jones. Ken Carpenter, Billy Reynolds and Ray Renfro.

Jones got two big ones — a 41-yard screen toss that put the Browns within a yard of their first touchdown and a 20-yarder that brought them within five yards of their final score. Graham sneaked over for the yard needed after that first big pass to Jones, and Carpenter ran right end for the five needed on the final touchdown, late in the third quarter.

In the Browns' second touchdown drive of 53 yards, Renfro caught passes for 17, 8 and 6 yards, and Graham punched over from the 1.

Lou Groze booted field goals of 15 and 29 yards in the second and third quarters.

Last year at this time no one thought much of the Detroit Lions' chances of winning the National Football League championship. Here and there, the words "dark horse" crept into the conversation, but that was as far as any expert would commit himself.

Things are different today, though. Even before the league season opened yesterday, the Lions were tabbed as the choices to win the Western Conference title and go on to battle Cleveland, the perennial Eastern Conference leader for the crown.

The Lions have been coming along slowly over a period of four years and now seem to have reached their peak.

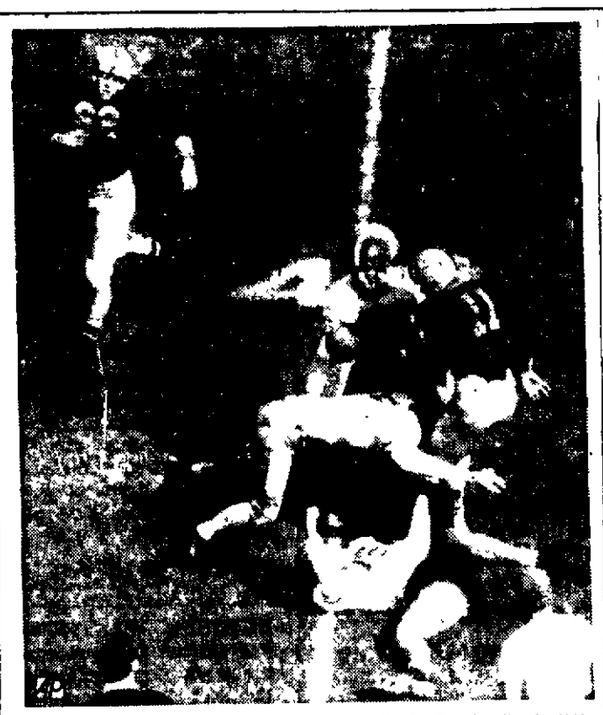
The Steelers figure to wind up second in the Eastern section, but they were no match for the passing of Bobby Layne and the generalship of Doak Walker. Layne passed for two touchdowns and set up two others while Walker scored once, hit for five conversions and a field goal.

Baltimore beat the Bears in their first league game since taking over the Dallas franchise at the end of last season. Bert Richichar, on his first field goal attempt in the league, set a record of 56 yards. He also scored a touchdown.

Washington scored 17 points in the last quarter to lick the Cardinals. The Chicago outfit dug its own grave by permitting the Redskins to pick up two fumbles and convert them into touchdowns.

The tight defense of Steve Owen's New York outfit held the Rams' to a 7-0 halftime lead. But in the last half, Norm Van Brocklin fired a pair of touchdown passes to break the game open.

In the first three months of 1953, American railroads installed 574 new locomotive units, of which all but five were driven by diesel fuel oil.



ILLINOIS RECOVERS FUMBLE. Illinois Back Em Lindbeck (11), tackled hard by Nebraska Back Ladd Cochrane (15), drops the ball which was recovered by Illinois Tackle Bob Lenzini (62) in third period in Champaign, Ill. Aiding in the tackle are Nebraska Tackles Ted Connor (70) and Jerry Minnick (76). Game ended in 21 to 21 tie.

Scotch Terrier Club To Hold Specialty Dog Show in Marion

The Scotch Terrier Club of Northern Ohio in a meeting at the home of Mr. and Mrs. Sherman Baker of 238 E. Washington Ave. Sunday announced plans to hold a speciality show in conjunction with the local kennel club's All Breed Point Show here next Jan. 31.

The club will meet again in Marion Dec 6 at the West Town branch of the National City Bank. At that time, new officers and trustees for the coming year will be elected and final preparations for the show made.

First Speciality Show

It will mark the first time a speciality show will be held here with the local All Breed show. Previously a Scotch Terrier speciality show was held each year at Cleveland under sponsorship of The Northern Ohio Club. But the group decided to move the show to Marion because of the popularity of Scotties in this area. The local dog show drew more Scottie dogs than any other show in the state last year. A total of 22 were entered. There are usually from 8 to 16 Scotties in other shows throughout the state.

Trophies for the specialty show, amounting to nearly $200, were set up at the meeting. They will be in the form of silver plated flat ware, trays, cigaret sets, etc., and also cash. All different classes of the Scottie breed will be covered in the show, Baker said. First, second and third place prizes will be awarded. Rosettes, silver plated ware and cash will be awarded to the seven top classes.

Tell of Europe Trip

At Sunday's meeting Mr. and Mrs. Henry Israel of Dayton gave an account of their recent visit to the coronation of Queen Elizabeth and visit to the kennels and shows of England. They told the group of the difference between shows there and here. They are owners of Marlu Clincher, a Scotch Terrier which took best in breed at the large Westminster Show at New York City last year.

Others at the meeting Sunday were Mr. and Mrs. Norman Pursell of Olmstead Falls, Mr. and Mrs. John McGilvray of Dayton, John Wright of Oberlin, Everett Potter of Marion, Richard Hensel of Dunkirk and Miss Sylvia Tyler of Marion.

All are members of the Northern Ohio Scotch Terrier Club, which is made up of approximately 35 members from all over the state. The club is seeking permission to change its name to the Scotch Terrier Club of Ohio.

Japs To Submit Arms Plan to U.S.

TOKYO (AP)—Prime Minister Shigeru Yoshida's personal envoy will leave by air for Washington tomorrow with details of a Japanese rearmament program drafted Sunday by leaders of the nation's two dominant political parties.

The envoy, former Finance Minister Hayato Ikeda, is expected to ask for greater American aid to speed Japanese defenses against potential Communist aggression.

A source close to Yoshida said the 75-year-old prime minister himself probably will leave for the United States soon on the same mission.

A joint statement issued Sunday by Yoshida, head of the Liberal party, and Mamoru Shigemitsu, leader of the Progressives, indicated the two had forged a bipartisan program of "straightforward rearmament."

AA Playoffs Move On to Kansas City

KANSAS CITY (AP)—The revived Toledo Sox hope they can better the Kansas City Blues' feat of winning three straight games away from home in the American Association playoffs.

The Sox dropped the first three games in their home park. Last night, playing the fourth game in Kansas City, they bounced back with an easy 8-3 victory — thus averting a quick end to the best-of-seven series.

The remaining games will be played here.

PROPOSED AMENDMENTS TO THE CONSTITUTION OF OHIO

1

BOND ISSUE FOR HIGHWAYS

Proposing to amend article VIII of the constitution of the state of Ohio to authorize the issuance of revenue bonds up to five hundred million dollars, the proceeds thereof to be used to provide adequate highways in Ohio.

Be it resolved by the General Assembly of the State of Ohio, Three-fifths of the members elected to each house thereof concurring therein, that there shall be submitted to the electors of the state of Ohio, in the manner prescribed by law, at the general election to be held on the first Tuesday after the first Monday in November, 1953, a proposition to amend Article VIII of the constitution of the state of Ohio by adding thereto immediately after section 2b of said Article a new section as follows:

ARTICLE VIII

Sec. 2c. The state may contract debts not exceeding five hundred million dollars for the purpose of providing moneys for acquisition of rights-of-way and for construction and reconstruction of highways on the state highway system. Not more than one hundred twenty-five million dollars of the debt authorized by this section shall be contracted within any calendar year, and no part of such debt shall be contracted after the thirty-first day of March, 1982. The principal amount of any part of such debt at any time contracted shall be paid in substantially equal semi-annual or annual installments, beginning not later than eighteen months after such debt is contracted, and in such number of installments that the entire debt shall be discharged not later than the year 1972. Securities evidencing the debt authorized by this section shall bear interest and shall be sold upon such terms as may be prescribed by law. Both the principal of such debt and the interest thereon shall be exempt from taxation by this state or by any taxing subdivision thereof. Moneys raised under the authority of this section shall be expended only to provide adequate highways including the acquisition of rights-of-way and including participation therein with the federal government, municipal corporations, counties and other legally authorized participants, but excluding the costs of planning and supervision by the state. All construction shall be done by contract as shall be provided by law. No part of such proceeds shall be appropriated except to meet the requirements of programs or schedules of acquisition of rights-of-way, highway construction and reconstruction which the Governor, or other highway authority with the concurrence of the Governor, shall submit to the General Assembly before such appropriations are made. Such appropriations shall be made only for major thoroughfares of the state highway system and urban extensions thereof. The debt contracted under the authority of this section shall be paid by revenue bonds issued by the state of Ohio as provided by law, secured by a pledge of moneys derived from fees, excises or license taxes, levied by the state of Ohio, relating to registration, operation, or use of vehicles on public highways, or to fuels used for propelling such vehicles, and a sufficient amount thereof shall be set aside each year, before any other distribution is made, to pay the interest on the outstanding debt and principal of such debt becoming due in that year, without other appropriations, but according to regulations to be established by law.

The General Assembly shall meet on the second Monday in January, 1954, for the sole purpose of enacting laws pursuant to this section.

Be it further resolved, That at the election herein designated for submission of this amendment to the electors of the state of Ohio, the same shall be placed on the official ballot in the manner prescribed by law and shall be designated as follows

To amend Article VIII of the constitution of the state of Ohio to provide adequate highways in Ohio and to issue revenue bonds in an amount not to exceed five hundred million dollars to provide funds therefor.

YES	
NO	

And be it further resolved, That the required publication of the said proposed amendment shall be made and the form of ballot to be used in said election for the submission thereof shall be prepared by the secretary of the state of Ohio in conformity with the above provisions. If a majority of the electors voting on said amendment be declared according to law, to have voted in favor thereof, the Governor of the state of Ohio shall make proclamation thereof forthwith.

Sept 28,Oct. 5,12,19,26,1953.

2

STATE BOARD OF EDUCATION

Proposing to amend section 4 of Article VI of the constitution of the state of Ohio, to create a state board of education with power to appoint a superintendent of public instruction, and to abolish the existing office of superintendent of public instruction appointed by the governor.

Be it resolved by the General Assembly of the State of Ohio, Three-fifths of the members elected to each house concurring therein, That there be submitted to the electors of the state for their approval or rejection at the general election to be held on the first Tuesday after the first Monday in November, 1953 a proposal to amend section 4 of Article VI of the constitution of the state of Ohio, to read as follows:

ARTICLE VI

Section 4 *** There shall be a state board of education which shall be selected in such manner and for such terms as shall be provided by law. There shall be a superintendent of public instruction, who shall be appointed by the state board of education. The respective powers and duties of the board and of the superintendent shall be prescribed by law.

SCHEDULE

At such election above referred to, the foregoing proposal shall be placed on the official ballot in the manner provided by law in such form as the secretary of state may designate

If the votes for the proposal shall exceed those against it, the foregoing shall take immediate effect and existing section 1 and article VI of the constitution shall be repealed and annulled. The superintendent of public instruction in office when the foregoing amendment takes effect, shall continue therein until the superintendent of public instruction for whom provision is made under a foregoing amendment shall have been appointed and shall have qualified

CONFLICTS WITH U. S. CONSTITUTION

Proposing to amend section I of Article II and section 27 of Article II of the constitution of the state of Ohio to correct conflicts with the constitution of the United States relative to ratification of constitutional amendments and to election of United States senators.

Be it resolved by the General Assembly of the State of Ohio, Three-fifths of the members of each house concurring therein:

That there shall be submitted to the electors of the state, for their approval or rejection at the election to be held on the first Tuesday after the first Monday in November, 1953, a proposal to amend Article 11, section 1, and Article 11, section 27, of the constitution of the state of Ohio to read as follows:

ARTICLE II

Sec. 1. The legislative power of the state shall be vested in a General Assembly consisting of a senate and house of representatives but the people reserve to themselves the power to propose to the General Assembly laws and amendments to the constitution, and to adopt or reject the same at the polls on a referendum vote as hereinafter provided. They also reserve the power to adopt or reject any law, section of any law or any item in any law appropriating money passed by the General Assembly, except as hereinafter provided, and independent of the General Assembly to propose amendments to the constitution and to adopt or reject the same at the polls. The limitations expressed in the constitution, on the power of the General Assembly to enact laws, shall be deemed limitations on the power of the people to enact laws.

***

Section 27. The election and appointment of all officers, and the filling of all vacancies, not otherwise provided for by this constitution, or the constitution of the United States, shall be made in such manner as may be directed by law; but no appointing power shall be exercised by the General Assembly, except as prescribed in this constitution ***; and in these cases, the vote shall be taken "viva voce."

SCHEDULE

The above proposal shall be placed on the official ballot in such form as the secretary of state may prescribe. WORLD WAR I BONUS

Proposing to repeal section 2a of Article VIII of the constitution of the state of Ohio relative to World War I Bonus (compensation).

Be it further resolved by the General Assembly of the State of Ohio, Three-Fifths of the members of each house concurring therein:

That there shall be submitted to the electors of the state, for their approval or rejection at the election to be held on the first Tuesday after the first Monday in November, 1953, a proposal to repeal Article VIII, section 2a, of the constitution of the state of Ohio. Said proposal proposes to amend the constitution of the state of Ohio by repealing section 2a of Article VIII, which reads as follows

ARTICLE VIII

Sec. 2a. "The Commissioners of the Sinking Fund", created in this article, shall forthwith, upon the adoption of this amendment, proceed to issue and sell from time to time, under such regulations as they may by order promulgate, for not less than par and accrued interest, not to exceed the total sum of twenty-five millions ($25,000,000.00) of dollars of the bonds of the state of Ohio, bearing interest at not to exceed five and one-half per cent per annum, payable semi-annually, and maturing in twenty equal semi-annual installments, commencing not later than the first day of April, 1923. Such bonds and the interest thereon as income shall be exempt from all taxes levied by the state of Ohio or any taxing district thereof. The proceeds of the sale of said bonds shall be paid into the treasury of the state of Ohio, subject to be paid out, without appropriation by the General Assembly upon the order of the said "The Commissioners of the Sinking Fund", the same to be known as "The World War Compensation Fund." The said "The Commissioners of the Sinking Fund" shall by their certificate filed with the auditor of the state, add to the state levy for taxation, in the year 1922 and thereafter during the life of such bonds, in addition to all other taxes now or hereafter provided by law, such amounts annually as shall be necessary, as a tax levy for the retirement of said bonds, and the payment of the interest thereon; and said levy may also provide for the payment of the expenses of administration hereof. Such levy shall not be considered in applying any limitation on aggregate tax rates now or hereafter provided by law. Said taxes when received shall be paid into a fund in the treasury of the state of Ohio to be paid out without appropriation by the General Assembly upon the order of the said "The Commissioners of the Sinking Fund" for the purpose of the payment, or retirement in other manner, of the said bonds, interest thereon and expenses of administration hereof. As soon as may be, the said "The Commissioners of the Sinking Fund" shall, under such regulations as they may from time to time promulgate, pay out of said fund to persons resident in Ohio at the time of the commencement of service who served honorably on active service in the army, navy, or marine corps of the United States of America, or being also citizens of the United States, in similar forces of any of the governments associated with the United States in the world war, with the rank or grade of not higher than captain in the army or marine corps, or corresponding grade in the navy, between the dates of April 6, 1917, and November 11, 1918, or their heirs at law, adjusted compensation for their full period of active service to the date of separation therefrom, at the rate of ten ($10.00) dollars per month, but not to exceed two hundred fifty ($250.00) dollars. No payment shall be made to any such person, who refused on conscientious, political or other grounds to subject himself to military discipline or to render unqualified service, or who, while in such service, was separated therefrom under circumstances amounting to a dishonorable discharge. The said "The Commissioners of the Sinking Fund" by order shall make regulations; providing for the assignment and payment of the whole or part of any such payment to a fund to be retained by the said "The Commissioners of the Sinking Fund" for the purpose of erecting and maintaining, under such laws as shall be enacted for that purpose, hospitals for the relief of veterans of the world war; providing against any other sale or assignment or fees charged for the collection of said amounts; providing against the enforcement of the claims of creditors as against such payments; imposing penalties for violations of such regulations; fixing from time to time limitations for the presentation of claims for said payments; providing for the contracting and paying of the necessary expenses of administration hereof and such other regulations as are deemed necessary and proper for the administration and payment of said fund. The full faith and credit of the state of Ohio is hereby pledged for the payment of said bonds. The people of the state of Ohio hereby declare that, they have enacted this special amendment to meet the specific emergency covered thereby and they declare it to be their intention to in no manner affect or change any of the existing provisions of this constitution except as herein set forth The provisions of this section shall be self-executing. Upon the retirement of all of the said bonds and payment of all claims presented within the limitations of time as prescribed as aforesaid the said "The Commissioners of the Sinking Fund" shall render a final report to the General Assembly and any balance remaining in the said funds shall be disposed of as shall be provided by law.

SCHEDULE

The above proposal shall be placed on the official ballot in such form as the secretary of state shall prescribe. If the votes for the proposal exceed those against it, section 2a of Article VIII of the constitution of the state of Ohio shall be repealed

Navy To Try Again For New Speed Mark

THERMAL, Calif. (AP)—The Navy plans to try again today for a new world air speed record of at least 745 miles an hour.

The attempt was thwarted on two successive days. Saturday it was turbulent winds and dust at Edwards Air Force Base and yesterday a troublesome fuel gauge caused postponement at the desert course along the Salton Sea near here.

Lt. Comdr. James B. Verdin, 35, Navy test pilot, and Douglas Aircraft Co. engineers believe, however, the needle-nosed, triangle-winged F4D Skyray jet interceptor is ready for today.

HOLLEE, DO YOU THINK WHAT WE DO IS-AH-CORRECT?
I DO DECLARE, I THINK IT IS DOWNRIGHT NEIGHBORLY FOR THE DAUGHTERS OF THE FRENCH AND U.S. CONSULS TO PRESENT AN AWARD TO THE HEAD JAILER FOR RUNNING A MODEL PRISON!
BUT IS THIS QUITE HONEST...WHEN WHAT YOU WISH TO FIND IS THIS WRAITH OF A PRISONER WHO WHISTLES THE 'DIXIE' FROM THE PRISON COURTYARD?
BESIDES, AS YOUR NOSE WITNESSES, THIS JAIL ST---
REALLY?

Alimony Payments Draw Tax Notice

LOS ANGELES (UP)—If you're planning a divorce better make sure any settlement is noted in the divorce judgment in case you'd like to deduct that alimony.

A recent Tax Court case indicated that alimony payments are deductible, and taxed to who receives them, only if they conform to various laws.

The case in question actually illustrated only one aspect of the laws. A man was sued for separation by his wife, who later dropped her action when they agreed that he should pay her a certain amount each month until she died or remarried.

The man went to Florida, became a resident and later won a divorce from his wife, with no note of the previous alimony agreement.

He tried at a subsequent date to deduct his alimony pawments for income tax purposes. However, the Tax Court denied his claim on grounds that the agreement at time of separation was not related to the actual decree in Florida and that therefore payments made under the agreement were not allowable deductions.

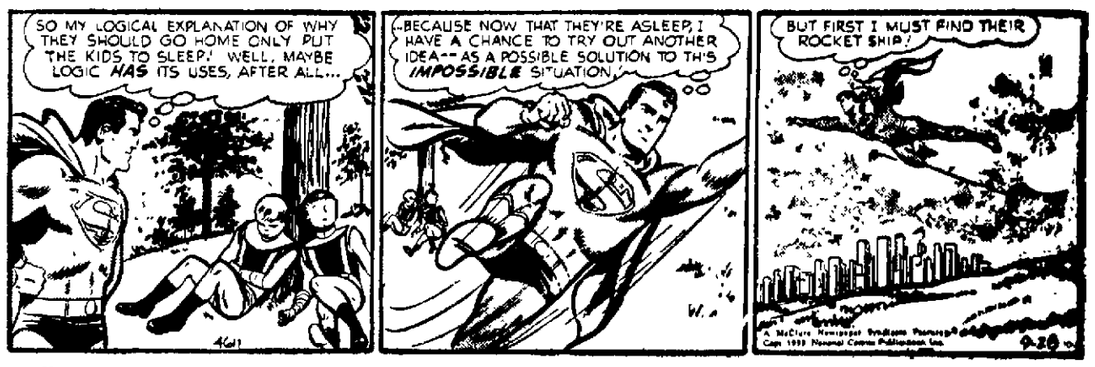
Rip Kirby — By Alex Raymond

AH, GOOD! THESE ASHES I FOUND BEFORE THE IDOL IN SHERWOOD DENTON'S STUDY ARE THE DRIED ROOT OF THE AROMATIC MANYAN...NOW TO CHECK MY OLD TRAVEL NOTES...
HERE WE ARE! "AN UNUSUAL PRACTICE OF SWAHESIAN CULTISTS IS THE OFFERING OF MANYAN INCENSE BEFORE VISHMA, GOD OF SELF-DESTRUCTION, FOR THE SPIRITS OF THOSE WHO DIE BY THEIR OWN HAND..."
IS IT SAFE TO RETURN TO MY KITCHEN NOW, SIR?
DESMOND, YOUR DOMAIN NEVER HAD IT SO FRAGRANT.. BUT FIRST CALL CAPTAIN CARMODY AND TELL HIM I'M ON MY WAY DOWN...

Superman — By Wayne Boring



SO MY LOGICAL EXPLANATION OF WHY THEY SHOULD GO HOME ONLY PUT THE KIDS TO SLEEP! WELL, MAYBE LOGIC HAS ITS USES, AFTER ALL...
-BECAUSE NOW THAT THEY'RE ASLEEP, I HAVE A CHANCE TO TRY OUT ANOTHER IDEA--AS A POSSIBLE SOLUTION TO THIS IMPOSSIBLE SITUATION.
BUT FIRST I MUST FIND THEIR ROCKET SHIP!

Gasoline Alley — By Frank King

How is this, Doc? Do you think it will bring them out?
Maybe it's not inspired, but it sounds adequate to me, Walt
I couldn't have done better myself, Walt
We don't know all the addresses, but I got 300 printed
You'll be sorry you volunteered to foot the bill
GASOLINE ALLEY WEEK

Bring your husband, wife & little Willie

Joe Palooka — By Ham Fisher

OH, JOE...DID YOU READ THE ACCOUNT OF DODO WILSON'S WEDDING AND GIFTS? IT'S FABULOUS.
YES, IT SAYS SHE CALLED UP THE PAPERS TO ANNOUNCE FURTHER GIFTS HE'S GIVEN, AND SOME THEY FORGOT TO PRINT.
I WONDER HOW POOR KNOBBY FEELS..HE WAS REALLY IN LOVE WITH HER...BUT...HONESTLY... I THINK HE WAS LUCKY.
EXCUSE ME, HONEY... SOMEONE'S AT THE DOOR...
BRRING
CHOLLY RELAXES WITH A YO-YO... ☆WOW☆
KNOBBY, ARE YOU ALL RIGHT?

Terry and the Pirates — By George Wunder

MAJOR CRANE, I CAN'T TELL YOU WHY WE NEED THAT OLD T-33 CONVERTED TO LOOK LIKE AN F-94...
COLONEL DOLMAN, I AM HAPPY IN MY ABYSMAL IGNORANCE...
...I JUST HOPE MY KIDS NEVER GET AROUND TO ASKING ME WHAT I DID IN THE U.S. AERIAL FORCE. IF YOU'LL EXCUSE ME, I GO NOW TO PIROUETTE MIDST THE PIXIES.
GOLLY, SIR, MAYBE MY IDEA ISN'T SO HOT AT THAT.
RELAX, SON, WHEN THE ENGINEERING DEPARTMENT ACTS LIKE THAT, IT MEANS THEY ARE ABOUT TO DO A JOB FOR US.
